SAUNDERS COUNTY

SUMMARY OF COMMENTS

During our audit of Saunders County, we noted certain matters involving the internal control structure and other operational matters which are presented here. These comments and recommendations are intended to improve the internal control structure or result in operational efficiencies in the following areas:

County Overall

1. ***Segregation of Duties:*** Offices lack proper segregation of duties.
2. ***Cashing Personal Checks:*** Employee personal checks are cashed with office funds.

County Board

3. ***Fixed Asset Policy:*** Policy is not in place outlining what items should be inventoried.
4. ***Overexpended Budgets:*** Expenditures exceeded budget allowances.
5. ***Petty Cash Funds:*** Funds were not correctly reflected in the budget document.
6. ***Budget Transfers:*** Transfers in did not agree to transfers out in budget document.
7. ***Publication of Board Minutes:*** Publication was not within ten working days of meeting.

County Treasurer

8. ***Balancing of Depository Accounts:*** Bank balances was not reconciled to book balances.
9. ***Manual Change Listing:*** Listing was not reviewed for unauthorized changes.
10. ***Tax Lists:*** Tax payments were not recorded to manual record.

County Clerk

11. ***Motor Vehicle Fees Incorrectly Remitted:*** Amounts remitted to State and County were incorrect.

County Sheriff

12. ***Commingling of Personal Funds:*** Personal funds were commingled with office funds.
13. ***Petty Cash Reconciliation:*** Funds on hand were not reconciled to the authorized amount.

County Veterans' Service Officer

14. ***Investments:*** Veterans' Service Officer is investing funds.

County Highway Department

15. ***Improper Use of Fees:*** Proceeds from sale of surplus property were used for office expenditures.

More detailed information on the above items is provided hereafter. It should be noted this report is critical in nature since it contains only our comments and recommendations on the areas noted for improvement and does not include our observations on any strong features of the County.

SAUNDERS COUNTY

SUMMARY OF COMMENTS

(Concluded)

Draft copies of this report were furnished to the various county officials to provide them an opportunity to review the report and to respond to the comments and recommendations included in this report. All formal responses received have been incorporated into this report. Where no response has been included, the official declined to respond. Responses have been objectively evaluated and recognized, as appropriate, in the report. Responses that indicate corrective action has been taken were not verified at this time, but will be verified in the next audit.

We appreciate the cooperation and courtesy extended to our auditors during the course of the audit.

SAUNDERS COUNTY

COMMENTS AND RECOMMENDATIONS

COUNTY OVERALL

1. Segregation of Duties

Good internal control includes a plan of organization, procedures, and records designed to safeguard assets and provide reliable financial records. A system of internal control should include a proper segregation of duties so no one individual is capable of handling all phases of a transaction from beginning to end.

We noted the offices of the Treasurer, Clerk, Clerk of the District Court, Sheriff, Attorney, Register of Deeds, Planning and Zoning, School Superintendent, Weed Superintendent, Surveyor, Health Department, Handi-Van, Veterans' Service Office, Senior Services, Youth Services, and Highway Superintendent each had a lack of segregation of duties since one person could handle all aspects of processing a transaction from beginning to end. Due to a limited number of personnel, an adequate segregation of duties is not possible without additional cost. This was noted in the prior audit.

We recommend the County review this situation. As always, the County must weigh the cost of hiring additional personnel versus the benefit of a proper segregation of duties.

2. Cashing Personal Checks

Nebraska Attorney General's Opinion No. 92039, issued March 10, 1992, concludes that county offices "may not cash checks unless the transactions are related to official duties or to facilitate general operational expenditures and purchases of the county."

During our audit, we noted the offices of the County Clerk and Register of Deeds allow cashing of personal checks from cash on hand. Furthermore, during a surprise cash count in the County Clerk's office we observed a \$75 personal check on hand which was one week old. The cashing and subsequent holding of personal checks constitutes unauthorized short-term personal loans, and increases the risk of loss or misuse of funds.

We recommend the practice of cashing personal checks not related to the official business of the County be discontinued immediately.

SAUNDERS COUNTY

COMMENTS AND RECOMMENDATIONS

COUNTY BOARD

3. Fixed Asset Policy

Good internal control requires the County to have in place a written policy regarding the fixed assets of the County. A written fixed asset policy would provide the various individual offices guidance including, but not limited to, setting the dollar value for including and carrying fixed assets on inventory listings, reporting assets at historical and/or estimated historical cost, tagging of fixed assets for physical inventory purposes, etc.

During our audit, we noted the following:

- The County did not have a written policy regarding fixed assets. As a result, the County inventory listings included a wide array of items, including such supply items as paper towels, disinfectants, and window cleaners, and small desk-type items such as scissors, wastebaskets, and hole punches. Considerable time and effort would be expended to track and report items at this level.
- Items included on the County's fixed asset listings are not consistently tagged as County property.
- Items included on the County's fixed asset listings had inconsistent values from year to year. The value of a fixed asset item should be based upon historical cost when initially added to the listing and should not be changed from year to year.

We recommend the County Board adopt a formal, written, fixed asset policy to serve as a guideline for the reporting of assets. We recommend the policy include a dollar value for including and carrying fixed assets on inventory listings, the report of assets at historical and/or estimated historical cost, and the procedures for tagging and/or identification of assets for physical inventory purposes.

4. Overexpended Budgets

Neb. Rev. Stat. Section 23-918, R.R.S. 1997 gives the County Board the authority, during the fiscal year, to make additional appropriations or increase existing appropriations after having a hearing with the office or department affected.

SAUNDERS COUNTY

COMMENTS AND RECOMMENDATIONS

COUNTY BOARD

4. Overexpended Budgets (Concluded)

During our audit, we noted the following functions and funds had expenditures in excess of their approved budgets for the fiscal year ended June 30, 2000:

- | | |
|---|----------------------|
| • General Fund – Clerk of the District Court IVD Function | \$179 overexpended |
| • General Fund – Extension Agent Function | \$184 overexpended |
| • Special Road Fund | \$8,566 overexpended |

As a result, these functions and fund were expended over and above public awareness.

We recommend all individual offices as well as the County Board review budget allowances prior to expenditures being made to insure expenditures do not exceed budgeted amounts. Amendments to the budget should be considered when necessary to avoid overexpenditures.

5. Petty Cash Funds

Neb. Rev. Stat. Section 23-106 R.R.S. 1997, in regards to the establishment of petty cash funds, states the County Board shall set petty cash fund amounts and that such amounts shall be stated in the County Board budget message.

During our audit, we noted the following:

- The Planning and Zoning Office had a petty cash fund which was not authorized by the County Board. This fund was started from monies received for copy fees, and at June 30, 2000 had a balance of \$58.
- The County Clerk had a \$200 petty cash fund; however, the budget message showed the Clerk's petty cash fund as \$100.
- The Register of Deeds had a \$500 petty cash fund; however, the budget message showed the Register of Deeds' petty cash fund as \$300.
- The Senior Services Office had a petty cash fund of \$30; however, the budget message showed the Senior Service's petty cash fund as \$20.
- The Health Department had a \$100 petty cash fund, which was not reflected in the budget message.

SAUNDERS COUNTY

COMMENTS AND RECOMMENDATIONS

COUNTY BOARD

5. Petty Cash Funds (Concluded)

We recommend all petty cash funds be properly authorized by the County Board and the amount of such funds be accurately reflected in the budget message of the County's budget document as required by State Statute.

6. Budget Transfers

Neb. Rev. Stat. Section 23-903, R.R.S. 1997, states the county budget document shall present a complete financial plan including all proposed expenditures and all anticipated means of financing those proposed expenditures for the period covered by the budget document. In addition, sound accounting practices require that when preparing a budget document, the sum of budgeted transfers in be in agreement to budgeted transfers out.

During our audit, we noted the total budgeted transfers out amount exceeded the total budgeted transfers in amount by \$542. If transfers in and transfers out don't agree, a complete financial picture of each fund is not accurately presented in the budget.

We recommend when transfers are included as part of the County budget, the budgeted transfers in and out be in agreement as required by State Statute.

7. Publication of Board Minutes

Neb. Rev. Stat. Section 23-122 R.R.S. 1997 requires publication of County Board proceedings related to annual, regular, or special meetings within ten working days after the close of such meetings.

During our audit, we noted County Board proceedings were not published within ten working days after the close of County Board meetings.

We recommend County Board proceedings be published within ten working days as required by State Statute.

SAUNDERS COUNTY

COMMENTS AND RECOMMENDATIONS

COUNTY TREASURER

8. Balancing of Depository Accounts

Sound accounting practices require that, as part of month-end balancing procedures, bank account balances be reconciled to the depository balance shown on the Treasurer's Daily Balance Record in order to ensure complete and accurate accountability of assets.

During our audit, we noted the County Treasurer was not reconciling the bank account balances to the depository balances shown on the Treasurer's Daily Balance Record. On June 30, 2000, a variance of \$1,356 was noted, more money was noted in the bank accounts than was recorded on the Daily Balance Record. There is an increased risk of loss or misuse of funds when bank balances are not reconciled to book balances.

We recommend the County Treasurer, as part of month-end balancing procedures, reconcile the bank account balances to the depository balances as shown on the Treasurer's Daily Balance Record.

9. Manual Change Listing

Good internal control requires active review of all manual change listings to ensure the legitimacy and accuracy of changes made after a transaction has been completed.

During our audit, it was noted the County Treasurer's Office did not review the manual change listings, which can be generated by the Motor Vehicle Registration system. These listings show all manual changes made to registrations after the initial transactions are completed, such as names, addresses, fees, etc. A review of the manual change listing reduces the risk of loss or misuse of funds.

We recommend the County Treasurer's office perform timely reviews of the Motor Vehicle Registration systems manual change listing to ensure all changes are authorized.

10. Tax Lists

Neb. Rev. Stat. Section 77-1710, R.R.S. 1997, states, "Whenever any taxes are paid, the treasurer shall write on the tax lists, opposite the description of real estate or personal property whereon the same was levied, the word "paid", together with the date of such payment, and the name of the person paying the same, which entry shall be prima facie evidence of such payment."

SAUNDERS COUNTY

COMMENTS AND RECOMMENDATIONS

COUNTY TREASURER

10. Tax Lists (Concluded)

During our audit, we noted tax payments are being recorded in a computerized system, but not on the original tax lists.

We recommend tax payments be recorded in the tax lists as directed by Statute.

County's Response: I will be in contact with NACO to seek a revision to this statute, as there needs to be consideration of information on file in the county's computer system. It is obvious this is one of many state laws that needs to be updated, with consideration given to our computerized world.

COUNTY CLERK

11. Motor Vehicle Fees Incorrectly Remitted

Neb. Rev. Stat. Sections 60-115 and 37-1287, R.R.S. 1998 set forth the various title and lien fees to be charged for motor vehicles and boats. In addition, these Sections set forth the subsequent distribution of those title and lien fees.

During our audit, we noted that nine of the twelve months during the audit period the County Clerk's Office had incorrectly calculated the distribution of title and lien fees payable to the Saunders County Treasurer and the State of Nebraska. As a result of these incorrect distributions, Saunders County was overpaid \$3,638 and the State of Nebraska was underpaid \$3,638.

We recommend the County Clerk make adjustments to future title and lien remittances to Saunders County and the State of Nebraska to correct the \$3,638 in distribution errors noted during the audit. We further recommend procedures be established to ensure fees are correctly distributed in accordance with State Statutes.

COUNTY SHERIFF

12. Commingling of Personal Funds

Sound accounting procedures require a distinct separation between the personal funds of an official and the funds received relative to the official business of the office.

SAUNDERS COUNTY

COMMENTS AND RECOMMENDATIONS

COUNTY SHERIFF

12. Commingling of Personal Funds (Concluded)

During our audit, we noted the County Sheriff had an undetermined amount of personal funds commingled with office funds. This increases the risk of loss or misuse of county funds.

We recommend all personal monies be removed from the office accounts and the practice of commingling personal funds with official funds be discontinued immediately.

13. Petty Cash Reconciliation

Good internal control requires petty cash funds always reconcile to the authorized amount set by the County Board.

During our audit, we noted the County Sheriff's Office did not periodically reconcile its petty cash funds on hand to the \$1,800 amount authorized by the County Board. At June 30, 2000, the County Sheriff's Office had a petty cash fund balance of \$1,665. There is an increased risk of loss or misuse of funds when reconciliations are not performed.

We recommend the County Sheriff's Office reconcile at least monthly its petty cash funds on hand to the amount authorized by the County Board to ensure complete office accountability of the fund.

COUNTY VETERANS' SERVICE OFFICER

14. Investments

Nebraska Attorney General's Opinion No. 98028, issued June 22, 1998, concludes that neither the Veterans Service Committee nor the Veterans Service Officer has authority to invest excess veterans aid funds in certificates of deposit or otherwise. This opinion further concludes that the investment responsibility rests with the County Treasurer.

During our audit, we noted the Veteran Service Officer was investing and holding \$75,000 in certificates of deposit.

We recommend the Veteran Service Officer discontinue making unauthorized investments, and remit the funds to the County Treasurer for further investment.

SAUNDERS COUNTY

COMMENTS AND RECOMMENDATIONS

COUNTY VETERANS' SERVICE OFFICER

14. Investments (Concluded)

County's Response: This situation has been rectified, as of February 2, 2001--\$75,000.00 has now been invested by County Treasurer.

COUNTY HIGHWAY DEPARTMENT

15. Improper Use of Fees

Neb. Rev. Stat. Section 23-1601(1), R.S. Supp., 2000 states, in part, "It is the duty of the county treasurer to receive all money belonging to the county, from whatsoever source derived . . ." In addition, Neb. Rev. Stat. Section 23-904, R.R.S. 1997 requires that the county budget document include the total revenues and expenditures of the County as well as explanatory schedules classifying the income and expenditures by offices, departments, activities, and funds.

During our audit, we noted the Highway Department used proceeds from the sale of surplus materials to make office expenditures. As a result, all revenues and expenditures were not being reflected in the County budget document.

We recommend all proceeds from the sale of surplus property be remitted to the County Treasurer and all expenses be presented to the County Board through the claims process as required by State Statute.

INDEPENDENT AUDITORS' REPORT

We have audited the primary government combined financial statements of Saunders County as of and for the fiscal year ended June 30, 2000, as listed in the Table of Contents. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the fourth and sixth paragraphs, we conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a comprehensive basis of accounting other than generally accepted accounting principles.

As discussed in Note 1F., the accounting records of the County were not adequate to permit proper measurement of certain assets included in the general fixed asset account group.

A primary government is a legal entity or body politic and includes all funds, organizations, institutions, agencies, departments, and offices that are not legally separate. Such legally separate

entities are referred to as component units. In our opinion, the primary government combined financial statements referred to above, except for the general fixed asset account group on which we do not express an opinion for the reason described in the fourth paragraph, present fairly, in all material respects, the fund balances of the primary government of Saunders County as of June 30, 2000, and the receipts and disbursements for the fiscal year then ended, on the basis of accounting described in Note 1.

However, the primary government combined financial statements, because they do not include the financial data of the Saunders County Health Services, the component unit of Saunders County, do not purport to, and do not, present fairly the fund balances of Saunders County as of June 30, 2000, and the receipts and disbursements for the fiscal year then ended, on the basis of accounting described in Note 1.

In accordance with Governmental Auditing Standards, we have also issued our report dated January 4, 2001 on our consideration of the primary government of Saunders County's internal control over financial reporting and our tests of its compliance with certain provisions of laws and regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

The accompanying supplementary schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements of the County. Such information, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the primary government combined financial statements taken as a whole.

SAUNDERS COUNTY
NOTES TO COMBINED FINANCIAL STATEMENTS

JUNE 30, 2000

1. Summary of Significant Accounting Policies

The following is a summary of the significant accounting policies utilized in the accounting system of Saunders County.

A. Reporting Entity

Saunders County (County) is a governmental entity established under and governed by the laws of the State of Nebraska (State) on January 26, 1856. As a political subdivision of the State, the County is exempt from State and Federal income taxes. For financial reporting purposes, the County has included all funds and account groups that are not legally separate. The County has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County.

These financial statements present the County (the primary government). The Saunders County Health Services is a component unit of the County because of the significance of its operational and financial relationship with the County. The financial statements do not include the data of the Saunders County Health Services necessary for reporting in conformity with generally accepted accounting principles. Complete financial statements of the Saunders County Health Services can be obtained from the Health Service's administrative office.

B. Fund Accounting

The County uses funds and account groups to report on its financial position and the results of its operations. An account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. A fund is a separate accounting entity. The operations of each fund are accounted for with a self-balancing set of accounts which record receipts, disbursements, and fund balances for the purpose of complying with the limitations and restrictions placed on the resources made available to the County. The major fund types used by the County are:

SAUNDERS COUNTY
NOTES TO COMBINED FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (Continued)

General Fund - to account for all financial resources except those required to be accounted for in another fund.

Special Revenue - to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Capital Projects - to account for financial resources to be used for the acquisition or construction of major capital facilities.

Trust and Agency - to account for assets held by a governmental unit in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds.

C. Basis of Accounting

The funds of the County are maintained and the financial statements have been prepared on the cash receipts and disbursements basis of accounting. Revenues are taken into account only when received by the County and expenditures are recorded when warrants are issued. Various officers of the County have accounts receivable. These are considered as cash items in the County financial statements. This differs from generally accepted accounting principles which require governmental fund accounting to follow the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they become susceptible to accrual and obligations are generally recognized when they are incurred.

D. Totals Columns - Memorandum Only

The "Memorandum Only" columns represent an aggregation of individual account balances. The columns are presented for overview informational purposes and do not present consolidated financial information since interfund balances and transactions have not been eliminated.

E. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the schedules in accordance with the statutory requirements of the Nebraska Budget Act:

1. On or before August 1, the County Board prepares and transmits a budget for each County fund showing the requirements, the outstanding warrants, the operating reserve to be maintained, the cash on hand at the close of the

preceding fiscal year, the revenue from sources other than taxation, and the amount to be raised by taxation. The budget, like the County financial statements, is prepared on the cash receipts and disbursements basis of accounting. The budget contains only those revenues which have actually been received by the County Treasurer.

2. At least one public hearing must be held by the County Board.
3. At a meeting of the County Board, the budget, as revised, is adopted and the amounts provided therein are appropriated.
4. The County Board is authorized to transfer budgeted amounts between departments within any fund through resolution; however, revisions that alter the total expenditures of any fund require that an additional public hearing be held. The legal level of budgetary control for the general fund is at the function level, and the special revenue fund types are at the fund level.
5. The County does not utilize an encumbrance accounting system. All appropriated spending authority lapses at the end of the fiscal year.
6. The County Board is authorized to budget for the transfer of money between County funds.

F. **Fixed Assets and Long-Term Obligations**

General fixed assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisitions are reflected as expenditures in governmental funds and the related assets are reported in the general fixed assets account group. All purchased fixed assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date received. Assets on hand as of June 30, 2000, have been recorded at cost or estimated cost by the County and have not been audited as the records were incomplete.

Assets in the general fixed assets account group are not depreciated. Public domain general fixed assets consisting of roads, bridges, curbs and gutters, and streets and sidewalks, are not capitalized, as these assets are immovable and of value only to the government.

SAUNDERS COUNTY
NOTES TO COMBINED FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (Concluded)

The County has recognized lease obligations in their general long-term debt account group. Since the County reports on a cash basis, these amounts include the current portions which under modified accrual would normally be accounted for in the fund from which it would be paid.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

G. Compensated Absences

Vested or accumulated vacation leave that is liquidated with expendable available financial resources is reported as an expenditure of the County funds as paid. Upon termination, employees are paid for any unused vacation. Under GAAP the vested portion of the employee's compensated absences is recorded in the Long-Term Debt Account Group for governmental funds. Under the receipts and disbursements basis of accounting, the balances which would be reported in the Long-Term Debt Account Group are not reported as they do not represent balances arising from cash transactions.

2. Equity in Pooled Cash and Investments and Designated Investments

The County has generally pooled the cash resources of the various funds for investment purposes. Each fund's portion of total cash and investments is summarized by fund type on the Combined Statement of Assets, Other Debits, Fund Balances, Liabilities, and Other Credits Arising from Cash Transactions as "Equity in Pooled Cash and Investments." Investments are stated at cost, which approximates market. Interest earned on pooled funds is credited to the County General Fund in accordance with Neb. Rev. Stat. Section 77-2315, R.R.S. 1996. Investments made specifically from and for a particular fund are summarized as "Designated Investments." Interest on these investments is credited to the fund from which the investment is made, also in accordance with the above-cited statute. Whether funds are commingled or invested separately is at the discretion of the County Board. The types of investments the County is authorized to invest funds in are enumerated in Neb. Rev. Stat. Sections 77-2315, R.R.S. 1996, 77-2340, R.R.S. 1996, and 77-2341, R.R.S. 1996, and generally include U.S. government obligations, certificates of deposit, time deposits, and securities which are authorized by the Nebraska Investment Council.

For the following disclosures required by Governmental Accounting Standards Board Statement #3, deposits include checking accounts, savings accounts, money-market accounts, and certificates of deposit.

SAUNDERS COUNTY
NOTES TO COMBINED FINANCIAL STATEMENTS

2. Equity in Pooled Cash and Investments and Designated Investments (Concluded)

	<u>June 30, 2000</u> <u>Carrying Amount</u>
Pooled cash and investments consist of:	
Cash on Hand	\$ 165,361
Deposits	<u>3,790,045</u>
Total	<u>\$ 3,955,406</u>

Designated investments consists of \$2,973,164 of bank deposits.

The bank balance for all deposits as of June 30 was \$7,312,567 (with a carrying amount of \$6,763,209) and was entirely covered by federal depository insurance or by collateral securities pledged to the County Treasurer and held by the safekeeping department of the depository's correspondent bank.

3. Property Taxes

Property taxes are levied by the County Board on or before October 15 of each year for all political subdivisions in the County. Real estate and personal property taxes are due and attach as an enforceable lien on January 1 following the levy date, and become delinquent in two equal installments on May 1 and September 1. Motor vehicle taxes are due when application is made for registration of a motor vehicle.

Counties are permitted by the State Constitution to levy a tax of up to \$.50/\$100 of assessed valuation for general governmental services other than the payment of principal and interest on bonded debt. They may levy taxes in addition to the 50 cent limitation upon a vote of the people.

The levy set in October, 1999, for the 1999 taxes which will be materially collected in May and September, 2000, was set at \$.24981/\$100 of assessed valuation. The levy set in October, 1998, for the 1998 taxes which were materially collected in May and September, 1999, was set at \$.29862/\$100 of assessed valuation. The amount collected for motor vehicle tax is outlined in State Statute.

Additionally, there is currently a legislatively-imposed lid limitation which limits taxation to the prior year's level, with provisions for growth. It may be increased by 1% by a three-fourths majority of the County board.

4. Retirement System

A. County Employees:

The Retirement System for Nebraska Counties (the Plan) is a multiple-employer defined contribution plan administered by the Public Employees Retirement Board in accordance with the provisions of the County Employees Retirement Act.

In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. Membership in the Plan consists of all employees working twenty or more hours per week who have been employed for a period of twelve continuous months. Part-time employees who have attained the age of twenty-five and have been employed for a total of twelve months have the option to join the Plan. Elected officials shall be eligible for membership upon taking office. The plan provisions are established under Neb. Rev. Stat. Sections 23-2301 through 23-2335 and may be amended through legislative action. Employees contribute 4% of their salary and the County contributes an amount equal to 150% of the employee's contribution. The contribution rates are established by Neb. Rev. Stat. Sections 23-2307 R.R.S. 1997, and 23-2308, R.S. Supp. 2000, and may be amended through legislative action. The employee's and employer's contributions are kept in separate accounts.

The employee's account is fully vested. The employer's account is vested 100% after five years participation in the Plan. Prior service benefits are paid directly by the County to the retired employee. For the year ended June 30, 2000, 113 employees contributed \$110,022; the County contributed \$165,033, which consisted of \$152,348 in cash contributions and \$12,685 in employee forfeitures of employer contributions. Additionally, the County paid \$2,640 directly to 20 retired employees for prior service benefits.

5. Fixed Assets

The following is a summary of changes in the general fixed assets account group during the fiscal year:

7. Joint Venture

Saunders County has entered into an agreement with the other counties in Region V in conjunction with the Nebraska Department of Health and Human Services to provide services to carry out the provisions of the Nebraska Comprehensive Community Mental Health Services Act and related alcoholism and drug abuse services and the Developmental Disabilities Services Act (Acts). Region V consists of the following counties: Polk, Butler, Saunders, Seward, Lancaster, Otoe, Fillmore, Saline, Thayer, Jefferson, Gage, Johnson, Nemaha, Pawnee, York, and Richardson. Separate agreements were established under the authority of the Interlocal Cooperation Act for services to be provided under each of the Acts. The governing board for Region V services are established by Statute and the agreements and include representatives from the participating county boards. Each county contributes to the financial support of the Region activities based on formulas developed by the Region governing boards and as required by the Acts. Funding is provided by a combination of federal, state, local and private funding. Saunders County contributed \$63,514 toward the operation of Region V during fiscal year 2000. In the event of the termination of the agreement, assets would be disposed of in accordance with the terms of the agreement. The Nebraska Department of Health and Human Services requires the Region to be audited annually in accordance with State Statute. Financial information for the Region is available in those audit reports.

NOTES TO COMBINED FINANCIAL STATEMENTS

8. County Insurance

The County is exposed to various risks of loss related to torts, theft of; damage to; and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County is a member of the Nebraska Intergovernmental Risk Management Association (NIRMA), a public entity risk pool currently operating as a common risk management and insurance program for 62 counties throughout Nebraska. NIRMA was created as a result of the Intergovernmental Risk Management Act, Neb. Rev. Stat. Sections 44-4301 to 44-4339, R.R.S. 1998, which resulted in two programs being established, NIRMA and NIRMA II. The County has the option of participating in one or both of the programs.

The County pays an annual deposit premium as calculated by the administrator of the pool. Nine months following the close of the fiscal year and at annual intervals thereafter, the Pool may calculate each County's retrospective premium or premium credit for the year. The retrospective formula shall be adopted by the Board prior to the beginning of the fiscal year. The formula shall consider the losses and exposures of each County and the entire Pool. The deposit premium paid for the fiscal year shall be applied as a credit against the retrospective premium. If it is determined that the deposit premium paid is in excess of the retrospective premiums calculated, such excess shall be applied as a credit toward the next annual deposit premium. Retrospective premium adjustments for each fiscal year shall continue until all claims are closed or until the Board determines that sufficient facts are known to make a final adjustment for the year.

If the Pool becomes insolvent or is otherwise unable to discharge its legal liabilities and other obligations, the County may be assessed by the Board for an additional contribution equal to its contribution for the current fiscal year, divided by the contribution of all participants for such year, times the amount of such deficiency. Each such assessment, and the manner of calculating the same, shall be sent to each County in writing, and each County shall thereafter have sixty (60) days in which to pay the amount of such assessment. Each County shall remain liable for such assessments, regardless of such County's withdrawal from participation or the termination of the agreement, and for liabilities of the Pool incurred during such County's period of membership, as provided by Neb. Rev. Stat. Section 44-4312, R.R.S. 1998.

The following schedule is a summary of the NIRMA coverage in effect for the period August 1, 1999 through July 31, 2000:

SAUNDERS COUNTY
**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL
REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited the financial statements of Saunders County as of and for the year ended June 30, 2000, and have issued our report thereon dated January 4, 2001. The report notes the financial statements were prepared on the basis of cash receipts and disbursements, do not include an opinion on the general fixed assets account group and do not include the financial data of the Saunders County Health Services, a component unit of Saunders County. Except as discussed in the second sentence, we conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Saunders County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws and regulations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards. We noted certain immaterial instances of noncompliance that we have reported to management of Saunders County in the Comments Section of this report as Comment Number 2 (Cashing Personal Checks), Comment Number 4 (Overexpended Budgets), Comment Number 5 (Petty Cash Funds), Comment Number 6 (Budget Transfers), Comment Number 7 (Publication of Board Minutes), Comment Number 10 (Tax Lists), Comment Number 11 (Motor Vehicle Fees Incorrectly Remitted), Comment Number 14 (Investments), and Comment Number 15 (Improper Use of Fees).

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Saunders County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing

our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Saunders County's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the Comments Section of the report as Comment Number 1 (Segregation of Duties), Comment Number 3 (Fixed Asset Policy), and Comment Number 8 (Balancing of Depository Accounts).

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we consider comment numbers 1 and 3 to be material weaknesses. We also noted other matters involving internal control over financial reporting that we have reported to management of Saunders County in the Comments Section of the report as Comment Number 9 (Manual Change Listing) and Comment Number 12 (Commingling of Personal Funds), and Comment Number 13 (Petty Cash Reconciliation).

This report is intended solely for the information and use of the county, the appropriate Federal and regulatory agencies, and citizens of the State of Nebraska and is not intended to be and should not be used by anyone other than these specified parties.
