MISSION STATEMENT

The Charitable Gaming Division's mission is to oversee all charitable gaming activities to ensure fair play, to collect the gaming revenues owed to the State, to prevent potential undesirable organizations or individuals from engaging in gaming activities, and to provide information to the public on what is required to conduct a legal gaming activity.

The accounting policies of the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund are on the cash receipts and disbursements basis of accounting.

2. State Agency

The Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund (Fund) is part of the Nebraska Department of Revenue, a State agency established under and governed by the laws of the State of Nebraska. As such, the Fund is exempt from State and Federal income taxes. The schedule includes only the Petty Cash Fund of the Charitable Gaming Division and is not intended to present fairly the fund balances of the Nebraska Department of Revenue or the receipts and disbursements of the Department as a whole.

The Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund is part of the primary government for the State of Nebraska.

3. Measurement Focus, Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus and basis of accounting. The accounting records of the Nebraska Department of Revenue – Charitable Gaming Investigation Petty Cash Fund are maintained and the Nebraska Department of Revenue – Charitable Gaming Investigation Petty Cash Fund’s Schedule was reported on the basis of cash receipts and disbursements. As such, the measurement focus only includes those assets and fund balances arising from cash transactions. Under this method, revenues are recognized when received and expenditures are recognized when paid. This presentation differs from governmental generally accepted accounting principles (GAAP), which requires the use of the modified accrual basis of accounting and the current financial resources measurement focus. Under this measurement focus and basis of accounting, revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, regardless of the timing of related cash flows.

We have examined the accompanying schedule of receipts, disbursements, and changes in fund balance of the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund for the fiscal year ended June 30, 2004, and have issued our report thereon dated August 24, 2004. We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund's schedule of receipts, disbursements, and changes in fund balance, is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial schedule amounts. However, providing an opinion on compliance with those provisions was not an objective of our examination, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our examination, we considered the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund's internal control over financial reporting in order to determine our procedures

for the purpose of expressing our opinion on the schedule of receipts, disbursements, and changes in fund balance, and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial schedule being examined may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Fund and the appropriate Federal and regulatory agencies. However, this report is a matter of public record and its distribution is not limited.
