GOVERNMENT AUDITING STANDARDS

We have examined the accompanying schedule of receipts, disbursements, and changes in fund balance of the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund for the fiscal year ended June 30, 2006, and have issued our report thereon dated September 7, 2006. We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting
In planning and performing our examination, we considered the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund’s internal control over financial reporting in order to determine our procedures for the purpose of expressing our opinion on the schedule of receipts, disbursements, and changes in fund balance, and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial schedule.

Compliance and Other Matters
As part of obtaining reasonable assurance about whether the Nebraska Department of Revenue - Charitable Gaming Investigation Petty Cash Fund’s schedule of receipts, disbursements, and changes in fund balance, is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial schedule amounts. However, providing an opinion on compliance with those provisions was not an objective of our examination, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the Nebraska Department of Revenue and the appropriate Federal and regulatory agencies. However, this report is a matter of public record and its distribution is not limited.
