NEBRASKA HIGHWAY COMMISSION

BACKGROUND

The 1953 Legislature created the seven-member State Highway Commission (Commission) to advise the Director of the Department of Roads (Department) on policies to carry out the Department's duties and responsibilities. In 1987, the Legislature added another Commission member and aligned Commission districts to match the Department's districts. The Commission holds public hearings throughout the State to advise the public of Department policies and activities.

Commission members are appointed to six-year terms by the Governor with legislative approval. Members represent Nebraska's eight highway commission districts. Each member must be a U.S. citizen, at least 30 years old, and a resident of the district they represent for three years before appointment. No more than four Commission members may be from the same political party. The Director of the Department of Roads is an ex-officio member of the Commission and votes to break ties. Commission members receive \$20 a day for conducting Commission business and are reimbursed for expenses.

NEBRASKA HIGHWAY COMMISSION

INDEPENDENT ACCOUNTANT'S REPORT

Nebraska Highway Commission
Lincoln, Nebraska

We have examined the accompanying schedule of expenditures of the Nebraska Highway Commission (Commission) for the fiscal year ended June 30, 2008. The Commission's management is responsible for the schedule of expenditures. Our responsibility is to express an opinion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and accordingly, included examining, on a test basis, evidence supporting the schedule of expenditures and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion.

In our opinion, the schedule referred to above presents, in all material respects, the expenditures of the Nebraska Highway Commission for the fiscal year ended June 30, 2008, based on the accounting system and procedures prescribed by the State of Nebraska Director of Administrative Services as described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2008, on our consideration of the Nebraska Highway Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws and regulations and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an attestation engagement performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our examination.

This report is intended solely for the information and use of management, the Nebraska Highway Commission, and the appropriate Federal and regulatory agencies. However, this report is a matter of public record and its distribution is not limited.

NOTES TO THE SCHEDULE

For the Fiscal Year Ended June 30, 2008

1. **Criteria**

The accounting policies of the Nebraska Highway Commission (Commission) are on the basis of accounting as prescribed by the State of Nebraska Department of Administrative Services (DAS).

Per Neb. Rev. Stat. § 81-1107(2) (Supp., 2006), the State of Nebraska Director of Administrative Services duties include “The keeping of general accounts and the adoption and promulgation of appropriate rules, regulations, and administrative orders designed to assure a uniform and effective system of accounts and accounting, the approval of all vouchers, and the preparation and issuance of warrants for all purposes.”

In accordance with Neb. Rev. Stat. § 81-1111(1) (Reissue 1999), The State Accounting Administrator has prescribed the system of accounts and accounting to be maintained by the State and its departments and agencies and has developed necessary accounting policies and procedures. The prescribed accounting system currently utilizes the Nebraska Information System (NIS) to maintain the general ledger and all detail accounting records. Policies and procedures are detailed in the Nebraska State Accounting Manual published by DAS State Accounting Division (State Accounting) and are available to the public. The financial information used to prepare the schedule of expenditures for the Commission was obtained from the Roads Payment System and verified to NIS. As transactions occur, the agencies record the accounts payable in the general ledger. As such, certain expenditures are recorded when a liability is incurred, regardless of the timing of related cash flows. The expenditures and related accounts payable recorded in NIS as of June 30, 2008, include only those payables posted in NIS before June 30, 2008, and not yet paid as of that date. The amount recorded as expenditures as of June 30, 2008, **does not** include amounts for goods and services received before June 30, 2008, which had not been posted to NIS as of June 30, 2008.

The major expenditure account classifications established by State Accounting used by the Commission are:

Personal Services – Salaries, wages, and related employee benefits provided for all persons employed by the Commission.

Operating – Expenditures directly related to a program’s primary service activities.

Travel – All travel expenses for any state officer, employee, or member of any commission, council, committee, or board of the State.

2. Reporting Entity

The Nebraska Highway Commission is a State agency established under and governed by the laws of the State of Nebraska. As such, the Commission is exempt from State and Federal income taxes. The schedule includes all funds of the Commission included in the general ledger.

The Nebraska Highway Commission is part of the primary government for the State of Nebraska.

3. Roads Operations Cash Fund 22700

The expenditures for the Commission were made out of the Roads Operations Cash Fund 22700.

NEBRASKA HIGHWAY COMMISSION
**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN EXAMINATION OF
THE SCHEDULE OF EXPENDITURES PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Nebraska Highway Commission
Lincoln, Nebraska

We have examined the accompanying schedule of expenditures of the Nebraska Highway Commission as of and for the year ended June 30, 2008, and have issued our report thereon dated December 19, 2008. We conducted our examination in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our examination, we considered the Nebraska Highway Commission's internal control over financial reporting as a basis for designing our procedures for the purpose of expressing our opinion on the schedule of expenditures, but not for the purpose of expressing an opinion on the effectiveness of the Nebraska Highway Commission's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Nebraska Highway Commission's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Nebraska Highway Commission's ability to initiate, authorize, record, process, or report financial data reliably in accordance with the accounting system and procedures prescribed by the State of Nebraska Director of Administrative Services such that there is more than a remote likelihood that a misstatement of the Nebraska Highway Commission's financial schedule that is more than inconsequential will not be prevented or detected by the Nebraska Highway Commission's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial schedule will not be prevented or detected by the Nebraska Highway Commission's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Nebraska Highway Commission's financial schedule is free of material misstatement, we performed tests of its compliance with certain provisions of laws and regulations, noncompliance with which could have a direct and material effect on the determination of financial schedule amounts. However, providing an opinion on compliance with those provisions was not an objective of our examination, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Nebraska Highway Commission, and the appropriate Federal and regulatory agencies. However, this report is a matter of public record and its distribution is not limited.
