February 3, 2010

Frank Daley, Executive Director
Nebraska Accountability and Disclosure Commission
State Capitol, 11th Floor
Lincoln, Nebraska 68509

Dear Mr. Daley:

As you are aware, on December 21, 2009, we received a letter from the Nebraska Corn Board requesting guidance regarding an advertising package, see **Exhibit A**. We responded on December 22, 2009, and suggested they seek an Advisory Opinion from your office.

During the course of reviewing correspondence we received from the Nebraska Corn Board and copies of the correspondence your office provided to the Nebraska Corn Board on December 29, 2009, and January 21, 2010, see **Exhibit B**, our office gathered some additional information regarding various State agencies, commissions, boards, or entities that are receiving University of Nebraska Athletic tickets or incentives as part of media advertising agreements. For the purposes of this letter, we will refer to State agencies, commissions, boards, or entities as State entities.

The information accumulated for this letter has not been audited, we merely accumulated the information and supporting documentation to supply you with information necessary to understand the situation, indicate the volume of State entities and employees involved, and provide information for any actions you deem appropriate. While we have made every attempt to identify State entities and employees who received tickets, incentives, or other items, we cannot provide total assurance that all have been disclosed.

We found that on June 13, 2008, the University of Nebraska Board of Regents approved and signed an exclusive thirteen year agreement through June 30, 2021, with IMG, also known as Husker Sports Network/Marketing or IMG "Host Communications." The contract superseded and replaced the previous IMG contract and it is to provide multi-media and multi-media related sales on behalf of University of Nebraska – Lincoln (UNL) Athletics including corporate sponsorships, inventory, web rights, radio, and television broadcasts. The agreement guarantees revenue to the University over the 13-year period to be \$109.7 million.

The history of the Huskers Sports Network has evolved over time and is currently owned by IMG. The rights to certain Nebraska athletic events began with the Pinnacle Sports Productions, L.L.C. in 1996. Pinnacle Sports Productions was acquired by Host Communications in 2006 and later sold to IMG in 2007, using the Huskers Sports Network as the trade name.

We looked in the Nebraska Information System (NIS), which is the State's accounting system, for payments made to IMG. We found numerous payments from various State entities. As a result, we then looked at supporting documentation related to those payments and found numerous State entities who received UNL Athletic tickets as part of their agreements with IMG.

The Nebraska state entities with IMG agreements were as follows:

- Coordinating Commission for Post Secondary Education
- Corn Board
- Department of Administrative Services (Personnel)
- Department of Health and Human Services (Stay in the Game and Tobacco Free Nebraska)
- Department of Motor Vehicles/Department of Roads (Highway Safety)
- Department of Roads
- Game and Parks Commission
- Department of Revenue – Lottery Division (Through media advertising contracts with Ayres Kahler and SKAR Advertising)
- State Treasurer (College Savings Plan)
- University of Nebraska

The tickets provided to the State entities were not limited to Nebraska football tickets. The merchandising and/or incentives received by the entities included tailgate party passes, spring game tickets, men's basketball tickets, baseball tickets, volleyball tickets, away game travel packages, and dinners with coaches. In addition, the Nebraska Office of Highway Safety received the following autographed items: two Bo Pelini autographed footballs, one John Cook autographed volleyball, and one poster autographed by Doc Sadler, Kent Pavelka and Matt Davidson.

We also noted the 2010 renewal proposal given to the Nebraska Corn Board for the 2010 football and baseball season included ten skybox football tickets, eighteen other premium football tickets, twenty-eight tailgate party passes, twenty luxury suite baseball tickets, and twenty hospitality passes to a baseball game. In addition, if the agreement is signed by January 31, 2010, the Nebraska Corn Board would receive a travel package for two to the Nebraska vs. Washington game from September 17-19, 2010. The trip would include two tickets to the football game, two nights at the Crowne Plaza Hotel, airfare to and from Seattle, and other travel amenities. Two pages of the 2010 proposal provided to the Nebraska Corn Board from Husker Sports Marketing, which disclose the merchandise to be received, are included on **Exhibit C**. As you are probably aware, on January 27, 2010, the Nebraska Corn Board decided to continue advertising with IMG, but did forego receiving any UNL Athletic tickets in connection with the IMG advertising proposal.

It is important to note that some State entities received **no** tickets in relation to their agreements with the IMG. The IMG agreements do not require State entities to receive tickets and this was confirmed with IMG. As we explain later, we have tried to identify every ticket received by a state entity during the past few fiscal years; however, there may be additional tickets received in which information was not given to our office by the requested entities. For instance, if an entity contracted with a media vendor other than IMG and that vendor worked with IMG, there may have been some tickets provided that were not disclosed to us.

We accumulated all related State entity agreements/contracts and proposals with IMG as disclosed in NIS. We also identified payments from NIS in which the agreement was not entered as a State contract. Through inquiries with the State entities involved, we have been able to determine the sporting event, who received the tickets, and the type of tickets received. In conversations with IMG Husker Sports Marketing General Manager, our office has placed an approximate value on the tickets received based on the face value of the tickets plus additional costs IMG occurred to obtain the tickets/activities. IMG pays the University the face value of the ticket in addition to any required donations necessary to obtain them. Examples of two State agreements with IMG can be found on **Exhibit D**.

We have included two spreadsheets reflecting the tickets received by State entities that we noted. The first spreadsheet – **Exhibit F** is a summary listing of State contracts, other payments to IMG, other media advertising vendors in which tickets/incentives were provided, and the number of corresponding tickets

received per each agreement/payment. You will note that we found a total of 2,564 University of Nebraska Lincoln athletic tickets/passes were provided by IMG to State entities. They were made up of:

- 555 Football Tickets
- 414 Tailgate Party Passes
- 82 Spring Football Tickets
- 888 Men's Basketball Tickets
- 277 Baseball Tickets
- 344 Volleyball Tickets
- 4 Dinners with Coaches

The second spreadsheet – **Exhibit G** is a breakdown of the individual tickets received and includes, as provided by the entities, who received the tickets, the sporting event, approximate value (which is the ticket face value and any additional cost associated with it), and the ticket type. The tickets received were not all in the same location which can have a huge impact on the price of the ticket. For example, the entities received the following types of Nebraska football tickets: regular game tickets, skyline suite passes, sideline suite passes, club level tickets, and skybox tickets. The values ranged from \$54 per game for a regular ticket to \$506 per game for a skybox ticket.

You will note there was a major lack of control over the tickets received as several tickets could not be identified as to who actually used the tickets. Entities used various methods for selecting and handling of the tickets. In some instances the entities directors were not even aware tickets were received. We also noted that in some instances, the tickets were provided to other vendors the State does business with for each of the entities involved, while not always knowing who actually received the tickets.

In one instance, the Lottery Division gave four tickets to the Department of Revenue Personnel Division, which were given out by a drawing of names from employees who signed up to donate during the Combined Campaign.

The University Board of Regents has established specific policies regarding financial or beneficial personal interest forbidden; gift and rebates prohibited; as well as, purchases involving University personnel; and purchases for personal use prohibited. See **Exhibit E**.

Finally, as you can see **Exhibit F**, certain State entities considered the IMG contract as a sole source. This is not correct. Per confirmation with IMG, other vendors in the business of marketing advertising are able to contract with IMG for those services and State entities do not have to go directly to IMG. We noted three companies, Ayres Kahler, SKAR Advertising, and Snitily Carr Inc., who have done this in the past for State entities.

As always, I appreciate your help and the outstanding work that you do. Please do not hesitate to let me know if I may be of assistance to you regarding this matter. We would be happy to provide you with any information that we have available.

Sincerely,

Signed Original on File

Mike Foley
State Auditor

Nebraska Corn Board

**MEMORANDUM**

To: Mike Foley, State Auditor
Jon Bruning, Attorney General

From: Don Hutchens, Executive Director; Nebraska Corn Board

Re: Advertising Campaign

Date: 12/21/09

Our Board will be hearing a proposal later in January for the Nebraska Corn Board to continue to run radio spots through the Husker Sports Network (HSN) as we have done over the last two years. Over the last two years corn farmers were being blamed for high food costs due to ethanol expansion, and numerous media stories that were less than complimentary about farmers and ranchers, which had consumers confused on what the facts really were. Our Board felt it was critically important to get the facts out about food costs, renewable energy, and how farmers are growing more on less land using fewer resources. The message was designed for both producers and general consumers, along with rural and urban audiences. Over the last two years the ad campaigns were very specific and targeted, the 2009 advertising campaign was titled "Sustaining Innovation".

Following is an example of the 2008 Football Analysis of what was contracted and what actually got played and the cost and value difference. The Board also had our advertising agency look into what the cost would have been if we went out and contracted directly with the 41 radio stations in state and the 12 out-of-state stations to see if we could buy the air time cheaper. Those costs would have been much higher, so thus the purchase through the Husker Sports Network was the best value. HSN actually ran more spots than what were contracted. The final numbers on the 2009 statistics have not been tabulated on cost vs. value as of this date. Some additional added benefit of this package is that it plays on Husker.com and Sirius radio.

Nebraska Corn Board 2008 Football Analysis

Contracted with Nebraska Corn Board's Investment of \$43,160.00

- 22 :30 seconds football radio spots
- 22 :10 seconds football radio spots
- 1 interview
- 36 :30 seconds Sports Nightly

Printed with soy ink on recycled paper.

Page 2

Actual Number of Commercials Ran:

- 27 :30 seconds football radio spots
- 24: 10 seconds football radio spots
- 1 interview
- 96 :30 seconds Sports Nightly

Actual Value of What Ran: \$102,510.00

The question the Board has on this campaign is that the Husker Sports Network also invited and hosted our Board, staff and guests, along with some leaders of the Nebraska Corn Growers Association to attend one game and use the opportunity to promote the specific campaign, display banners and distribute material. The specific game was one selected where our chairman could do a live on-the-air 5 minute interview in front of the Husker Pavilion. Our Board asked the question that if they would forego this invitation to attend the game and lunch-would the price of the ad campaign be lowered? The response from HSN was no, it had no bearing on the price of the advertising package.

Board members and staff volunteered their time, took no per-diem, and did not submit any expense reimbursement for this activity. *Is this an acceptable procedure for the Board to continue to follow should they elect to fund this advertising campaign again this next year? Is the lunch and tickets a problem since they are not part of the contractual arrangement and have no bearing on the cost of the ad campaign and the fact board and staff submit no expenses and volunteer their time for the day?*

Our contact has been and will continue to be sent to the Attorney General's Office for review, and our Board continues to study the demographics of this type of advertising campaign. Agriculture is under some serious attacks and getting the facts out and defending what our farmers and ranchers are doing has taken on a more important role than ever.

If you need additional information or have any questions please feel free to call our office.

Thank you in advance for you advice and counsel.

Don Hutchens
Executive Director
Nebraska Corn Board
301 Centennial Mall South Fourth Floor
Lincoln, NE
INTEROFFICE

Re: Your correspondence of December 21, 2009 and our return correspondence of December 29, 2009

Dear Mr. Hutchens,

Introduction. This letter will address the questions which you originally raised in your subject correspondence. We responded to those questions in our correspondence to you of December 29, 2009. You requested that we provide guidance to the Corn Board for its proposed 2010 contract with Husker Sports Network ("HSN", which, as we understand it, contracts under the corporate name of IMG Communications, Inc.). You further requested that we provide this advice as soon as possible, and, as a consequence, our letter to you was a staff opinion and not a more lengthy advisory opinion.

Shortly after sending you our staff opinion, we had a discussion with Mike Foley, Nebraska Auditor. Mr. Foley advised that he believed there were additional facts which we should take into account in reaching any opinion on the questions which you have presented.

Following our discussion with Mr. Foley on January 4, 2010, we wrote you our January 4th letter in which we requested additional information. During the week of January 4th, you immediately complied with our requests and sent us contracts and presentations made by HSN with respect to those contracts. You also sent e-mails from within the Corn Board, including communications with HSN.

Opinion. Based upon a review of both the facts which you originally presented and the additional information which we have now had an opportunity to review, we conclude that there is a link between the 2010 HSN advertising contract and the tickets (both for football and baseball) given by HSN to the Corn Board. For

THE SALVATION OF THE STATE IS WATCHFULNESS IN THE CITIZEN

Don Hutchens, Executive Director
January 21, 2010
Page 2

the reasons we detail below, the tickets and any other similar “incentives” such as free trips or hotel accommodations may not be accepted as gifts by members of the Corn Board, its staff, or their immediate families. To the extent that HSN offers incentives such as tickets to the Corn Board, these tickets may be accepted—but they are not gifts and they need to be treated as public property.

The Corn Board may still contract with HSN. The members of the Corn Board and its staff may still accept other “incentives” which are not gifts—such as additional advertising or “on-air” interviews. Furthermore, as noted below, buffet lunches or other dining incentives are not considered “gifts” under Nebraska law.

Our staff opinion of December 29, 2009 is withdrawn, and this opinion hereby supersedes it.

Discussion. This matter was originally presented by you, in your capacity as Executive Director of the Nebraska Corn Board, to Mike Foley in his capacity as State Auditor and Jon Bruning as Attorney General. You sent a letter or memo, dated December 21, 2009, to both Mr. Foley and Mr. Bruning. In your letter you said that HSN and the Corn Board entered into a contract whereby HSN provided advertising for the Corn Board in exchange for \$43, 160.00. You further wrote that HSN, “. . .also invited and hosted our Board, staff and guests, along with some leaders of the Nebraska Corn Growers Association to attend one [football] game and use the opportunity to promote the specific campaign, display banners and distribute material...”

In your letter, you asked for guidance with respect to the 2010 contract and you posed the following comments and questions:

Board members and staff volunteered their time, took no per-diem, and did not submit any expense reimbursement for this activity. Is this an acceptable procedure for the Board to continue to follow should they elect to fund this advertising campaign again next year? Is the lunch and tickets a problem since they are not part of the contractual arrangement and have no bearing on the cost of the ad campaign and the fact board and staff submit no expenses and volunteer their time for the day?

In analyzing these questions, you advised me in our telephone conversation on Tuesday, December 22nd, that the Corn Board (the “Board”) has decided that it needs to engage in advertising to deliver its message to both producers and consumers. The Board has also concluded that radio advertising during Nebraska football games is the most cost effective advertising for its message, and this advertising in the immediate past has been contracted with HSN, which has exclusive rights to broadcast Nebraska football games.

Don Hutchens, Executive Director
January 21, 2010
Page 3

On one Saturday during each of the 2008 and 2009 football seasons, HSN has hosted an event ("HSN event") for members of the Board and its staff. HSN on that day, which in 2009 was the Saturday of the Oklahoma game played on November 7th, provides a buffet lunch and football tickets for each member of the Board, its staff, and some leaders of the Corn Growers Association, together with a guest for each of these individuals. On Saturday, November 7th, HSN provided 28 tickets to this group, together with a pre-game buffet lunch for each of the 28. You indicated to me that the 28 tickets are scattered throughout the stadium and the tickets are distributed by means of a draw. The tickets range from end-zone seating to skybox seating. After our telephone conference, I visited with the University of Nebraska ticket office. All season tickets this year bore a price of \$54 for seating within the stadium. However, in conversations with the University of Nebraska Development Office, I was advised that the value of a skybox ticket is at least \$460.

For their part, you have advised me that members of the Corn Board have suggested that HSN not conduct this event, and, instead, have suggested that HSN simply transfer the value of the event into more advertising for the Board. HSN has refused to do this, saying that their costs in terms of tickets and the buffet lunch are fixed, and that other clients of HSN receive football tickets and the complimentary buffet lunch. It should also be noted that some members of the Corn Board and its staff use the occasion of the game to pass out literature and put up banners with the Board's message. In addition, on the Saturday of the HSN event, the Chairman of the Board is given a five minute interview by HSN to talk about the Board and its message.

For the coming year, HSN made a presentation for contract renewal at the December 2009 meeting of the Board. The Board requires a preliminary presentation at one meeting with a decision at a later meeting of the Board. It is my understanding that the Board will make a decision about whether to utilize HSN for its advertising needs at the January 2010 meeting of the Board.

We turn now to the additional materials which you have provided us. These materials demonstrate the following facts:

1. The 2009 HSN "Request" or presentation specifically included as part of the "2009 SCARLET AND CREAM" "FOOTBALL" presentation the following: "The Nebraska Corn Board will receive twenty-eight (28) tickets to a 2009 Nebraska football game. This also includes twenty-eight (28) party passes to the Husker Sports Marketing pre-game tailgate party."

Don Hutchens, Executive Director
January 21, 2010
Page 4

2. The 2009 HSN "Request" further details the "2009 FALL AT MEMORIAL STADIUM" by outlining what the Corn Board will receive in return for its advertising dollars. After detailing the specific advertising which the Corn Board will receive, the HSN request goes on to state: "The Nebraska Corn Board will receive twenty-eight (28) tickets one 2009 Nebraska home football game."
3. As part of the "Request", there is an EARLY RENEWAL INCENTIVE" which states: "The Nebraska Corn Board will be able to lock in these rates for 2009 if signed by January 31, 2009 and will also be able to secure ten (10) skybox tickets and eighteen (18) other premium tickets for the football game day outing if signed on or before this day."
4. The 2009 "Request" also includes similar incentives or rewards for baseball advertising: "2009 NEBRASKA BASEBALL Twenty (20) Luxury Suite tickets to one 2009 regular season's game. Twenty (20) Hospitality Passes to that day's game."
5. The 2010 "Renewal Plan" between HSN and the Corn Board provides the following: "2010 Football and Baseball Merchandising" With purchase of Football plan: Outing for twenty eight (28) to a 2010 Nebraska football game. Ten (10) skybox tickets Eighteen (18) other premium tickets Twenty-eight (28) tailgate party passes to the Husker Sports pre-game tailgate party for that day's game."
6. The 2010 "Renewal Plan" also provides an "INCENTIVE" as follows: SEATTLE INCENTIVE TRIP FOR NEBRASKA CORN BOARD IF AGREEMENT IS SIGNED BY JANUARY 31, 2010 THIS COULD BE USED AS AN INCENTIVE TO GET MORE NEBRASKA CORN GROWER MEMBERSHIP SIGN-UPS Nebraska v. Washington, September 17-19, 2010 Package includes: Two (2) tickets to Huskers vs Huskies game Two (2) nights hotel at Crowne Plaza Hotel in Downtown Seattle—1113 6th Ave. Airfare for two (2) from Lincoln or Omaha to Seattle Depart: Friday, Sept. 17—Early morning Return: Sunday , Sept. 19 Attend Friday night "Sports Nightly" live at Seattle restaurant, location TBD (Optional) Tickets to Seattle Mariners vs. Texas Rangers game Friday night (Optional) Ground Transportation TBD Game Transportation TBD Names to be submitted to Husker Sports Marketing no later than June 1, 2010."

The foregoing are the essential facts as we understand them. If I have omitted any material fact or if any of these facts are inaccurate, I would ask you to please notify me immediately.

Don Hutchens, Executive Director
January 21, 2010
Page 5

The question you have posed is whether under Nebraska law there is any problem with the Board and its staff members participating in the HSN event in the future.

In analyzing this question, we look first to the definition of what is a gift. Nebraska law defines a gift in Section 49-1423. (Incidentally, Nebraska statutes which I will cite in this letter are found on the NADC website where the complete Nebraska Political Accountability and Disclosure Act is available for review). A gift includes anything of value but specifically excludes a "luncheon" or "other refreshments consisting of food and beverage for immediate consumption." Therefore, the tickets, but not the luncheon, received at the HSN event are considered gifts.

We next turn to the question of what role, if any, the gift plays in any official decision of the Board. Members of the Corn Board and its staff are considered officials or employees of the executive branch of government. Nebraska law, Section 49-1499.02 places certain prohibitions and restrictions upon officials or employees who are making a decision which will "cause" them financial benefit. In this case, the Board makes a decision as to whether to contract with HSN to provide advertising for its message. Based upon past practice, as part of the proposal and the agreement between HSN and the Corn Board, the Corn Board members and staff will receive tickets. Thus, there is a direct link between the decision to enter into the advertising contract with HSN and the receipt of tickets by the Corn Board and its staff.

Moreover, HSN, according to its written marketing proposal, is obligated to deliver the tickets to the Corn Board. This is not a case in which HSN has a later option to offer tickets. Rather, this is a situation in which they are obligated to do so.

For its part, the Corn Board is placed in the position where its members must not only accept the terms of the HSN proposal in order to get the tickets, but they must do so by a certain date. The contract is therefore structured in such a way that acceptance of the agreement by the Corn Board by a certain date will "cause" financial benefit to the members of the Corn Board in the form of tickets—assuming, as has been the case in the past, that the Corn Board members and staff utilize the tickets.

Nor can it be said that the value of the tickets is insignificant. The specific understanding in writing between the Corn Board and HSN provides that in 2010 (and 2009), the Corn Board will receive 18 regular tickets and 10 skybox tickets. The value of a regular ticket in 2009, according to the University of Nebraska ticket office is \$54. Eighteen \$54 tickets have a value of \$972. However, the value of a skybox ticket is far greater, and HSN has obligated itself to provide 10 such tickets. At a minimum value of \$460 each, the value of the skybox tickets

Don Hutchens, Executive Director
January 21, 2010
Page 6

agreement between the Corn Board and HSN is \$4600. The total value of the tickets is at least \$5,572. The outlay by the Corn Board for football advertising in 2009 was \$43,160. The value of the football tickets given to the Board in 2009 represented approximately 13% of the entire contract value. The decision of whether to award the contract to HSN does cause a financial benefit to members of the Corn Board.

Similarly, Nebraska law prohibits public officials or employees from accepting gifts based upon an agreement that their official action or judgment would be influenced thereby. (Section 49-14, 101(2)). Based upon the same reasoning as explained in the previous paragraph discussing Section 49-1499.02, receipt of the football tickets by the Corn Board is dependent upon the Board's execution of the HSN contract and, further, execution of that contract by a certain date as prescribed by HSN. To put it simply, the gift is conditioned upon the Corn Board's entering into the contract by a certain date.

A related question which arises is whether HSN is involved in lobbying. If so, there are restrictions over the value of gifts which it could make. However, we do not see a record of HSN or any related organizations as current or past lobbyists.

Conclusion. Therefore, based upon the information which you have provided, together with a review of applicable Nebraska statutes, we conclude, as we have stated in our "Opinion" above, that there is a legal prohibition against the Board and its staff receiving tickets as gifts for entering into the HSN contract. This would apply both to football and baseball (or volleyball) tickets.

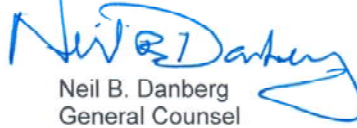

For 2010 and thereafter, the Corn Board may continue to contract with HSN for advertising. Incentives such as extra advertising opportunities may be accepted. Incentives such as buffet lunches are not considered gifts and may also be accepted. However, incentives such as tickets, trips or hotel accommodations may be accepted only with the understanding that members of the Corn Board and their families and staff may not treat those tickets as gifts for themselves. Rather, those types of incentives are State property and must be treated as such. Questions as to the proper disposition of such property should be directed to the State Auditor's office.

With regard to the tickets distributed in 2009, members of the Board or its staff who are required to file an annual Statement of Financial Interests (C-1) must report a gift of more than \$100 on Item 11 of that form. For example, if in 2009 HSN gave two tickets directly to a Board member, then the Board member must account for a gift of over \$100 on his or her C-1 (\$54 x 2 if a regular pair of tickets, or \$460 x 2 if a pair of skybox tickets) On the other hand, if HSN gave only one ticket directly to a Board member and gave a second ticket directly to a Board member's spouse, then this would be a gift to the Board member of only one ticket.

THIS CONTRACT IS SUBJECT TO ALL OF THE TERMS AND CONDITIONS ATTACHED TO THIS CONTRACT AND THE PARTIES HERETO AGREE TO ALL SUCH TERMS AND CONDITIONS SEP 12 2008

11. Financial or Beneficial Personal Interest Forbidden; Gift and Rebates Prohibited

- a. No officer or employee of the University involved in an advisory or decision-making capacity relating to any University purchase and no member of his or her immediate family shall be financially interested, or have any beneficial personal interest, either ~~directly or indirectly, in such purchase, or in any bidder, contractor, lessor or vendor for~~ such purchase. No such officer or employee or member of his or her immediate family shall receive or accept, either directly or indirectly, by rebate, gift or otherwise, any money or other specific item of value whatsoever, or any promise, obligation or contract for future reward or compensation from any person, firm, corporation or other entity which has submitted or intends to submit a bid or proposal in connection with any University

Chapter 6. Business and Financial Management

RP-145

purchase or which has otherwise been contacted by the University relating to a proposed University purchase.

- b. No purchasing officer or any member of his or her immediate family shall have any direct or indirect financial interest in any person, partnership, firm, association, corporation or other vendor, or any agent or representative thereof, from or through whom the purchasing officer shall make any purchase or contract for a purchase on behalf of the University.
- c. Violation of Section 11 shall constitute adequate cause for immediate suspension or dismissal from University employment.

12. Purchases Involving University Personnel; Purchases for Personal Use Prohibited

- a. No article or service shall be purchased from any University faculty or staff member without prior approval by the principal business officer, and any such purchase approved by the principal business officer shall comply fully with the requirements of the conflict of interest provisions of the Nebraska Political Accountability and Disclosure Act, Neb. Rev. Stat., §§ 49-1493 through 49-14,104.
- b. University funds shall not be expended for articles or services which are for the personal use of staff or faculty members.
