Marwin Rogers, Chairperson
Village of Hordville
P.O. Box 16
Hordville, NE 68846

Dear Chairperson Rogers:

As you know, the Nebraska Auditor of Public Accounts (APA) has approved the fiscal year 2018 audit waiver for the Village of Hordville (Village). However, while performing our review to determine whether to approve the audit waiver, the APA noted certain internal control or compliance matters, or other operational issues within the Village. The following information is intended to improve internal controls or result in other operational efficiencies.

**Comments and Recommendations**

1. **Possible Conflict of Interest**

The APA received the Village Board (Board) meeting minutes for February 11, 2019. From those minutes, the APA identified a potential conflict of interest involving the actions of Scott Simonsen, who is both a Board member and the Village Clerk.

According to the meeting minutes, Mr. Simonsen appears to have failed to abstain from voting on the following claims:

<td>$725.00</td>

*Note 1: The minutes did not breakout the amount paid to each employee.*

The pertinent claims above appear to relate to Mr. Simonsen’s duties as Village Clerk.

An excerpt from the February 11, 2019, Board minutes is provided below:

*The following bills were presented for approval and payment . . . M Anderson S Blase [Motion Carried] 5-0*

The apparent failure of Board member Scott Simonsen to abstain from voting on the motion above gives rise to concerns regarding possible violations of the Nebraska Political Accountability and Disclosure Act (Act), which is set out at Neb. Rev. Stat. § 49-1401 (Cum. Supp. 2018) et seq.
To start, Neb. Rev. Stat. § 49-14,101.01(1) (Reissue 2010) states the following:

A public official or public employee shall not use or authorize the use of his or her public office or any confidential information received through the holding of a public office to obtain financial gain, other than compensation provided by law, for himself or herself, a member of his or her immediate family, or a business with which the individual is associated.

The penalty for violating the above-cited conflict of interest statute is set out in subsection (7) thereof, as follows:

[A]ny person violating this section shall be guilty of a Class III misdemeanor, except that no vote by any member of the Legislature shall subject such member to any criminal sanction under this section.

Furthermore, Neb. Rev. Stat. § 49-1499.03(2) (Reissue 2010) provides the following:

(a) Any person holding an elective office of a city or village not designated in section 49-1493 and any person holding an elective office of a school district who would be required to take any action or make any decision in the discharge of his or her official duties that may cause financial benefit or detriment to him or her, a member of his or her immediate family, or a business with which he or she is associated, which is distinguishable from the effects of such action on the public generally or a broad segment of the public, shall take the following actions as soon as he or she is aware of such potential conflict or should reasonably be aware of such potential conflict, whichever is sooner:

(i) Prepare a written statement describing the matter requiring action or decision and the nature of the potential conflict;

(ii) Deliver a copy of the statement to the person in charge of keeping records for the city, village, or school district who shall enter the statement onto the public records of the city, village, or school district; and

(iii) Abstain from participating or voting on the matter in which the person holding elective office has a conflict of interest.

(b) The person holding elective office may apply to the commission for an opinion as to whether the person has a conflict of interest.

(Emphasis added.) Good internal control requires procedures to ensure compliance with the applicable provisions of the Act.

Without such procedures, there is an increased risk for both statutory violations and the loss of Village funds.

We recommend the Board implement procedures to ensure compliance with the applicable provisions of the Act. Because the issue addressed herein constitutes a possible violation of the Act, we are forwarding this information to the Nebraska Accountability and Disclosure Commission.

Village Response: We are now aware of the issues to all conflict of interest on any action, from paying bills or reimbursements to any board members or immediate family or business that they are associated with or any action that the board take in regards to other business in regards to any board member, three immediate family or business that they are associated with.

At the beginning of each board meeting the agenda will reviewed and all conflicts of interest will noted at beginning of meeting and all action items will be addressed according to any conflicts and action on any items will broken down and motion seconded and passed with the Abstaining party noted.
2. **Dual Signatures Required on Checks**

The APA obtained the bank statements for the Village’s accounts from its fiscal year 2018 audit waiver request. From these statements, the APA noted that seven Village checks, totaling $27,076.92, written out of the General bank account, and all of the Village checks written out of the Event Center bank account during the examination period contained only one signature. An example of such checks is shown below:

![Check Example](image)

State statute requires Village checks to be signed by both the Board Chairperson and the Village Clerk. Specifically, Neb. Rev. Stat. § 17-711 (Cum. Supp. 2018) provides the following:

> All warrants drawn upon the city treasurer of a city of the second class or village treasurer must be signed by the mayor or chairperson of the village board of trustees and countersigned by the city clerk or village clerk, stating the particular fund to which the same is chargeable, the person to whom payable, and for what particular object. No money shall be otherwise paid than upon such warrants so drawn. Each warrant shall specify the amount included in the adopted budget statement for such fund upon which it is drawn and the amount already expended of such fund.

Good internal control and sound accounting practices require procedures to ensure that Village checks contain the statutorily required endorsements.

Without such procedures, there is an increased risk of not only failure to comply with State statute but also the loss and/or misuse of Village funds.

We recommend the Board implement procedures to require dual signatures, from the Board Chairperson and the Village Clerk, on all Village checks, as required by law.

**Village Response:** The village checks that out of the general account that only had one signature, these checks were written outside the normal meeting, (bills were approved, but there were some items that need completion before paid) when completed the bill was paid. This was an oversight and will not happen again. All checks or withdrawals out of the Village funds will have 2 signatures.

3. **Lack of Claim Purpose**

During our comparison of the Village’s bank account details to claims approved by the Board, the APA noted that a majority of the claims listed in the Board’s official proceedings lacked descriptions of their respective purposes.

The following is an example of the approved claims listing provided by the Village for February 12, 2018:

Neb. Rev. Stat. § 19-1102 (Cum. Supp. 2018) requires publication of the Board’s official proceedings, which must include, among other things, the purpose of each claim allowed, as follows:

*It shall be the duty of each village or city clerk in every village or city having a population of not more than one hundred thousand inhabitants as determined by the most recent federal decennial census or the most recent revised certified count by the United States Bureau of the Census to prepare and publish the official proceedings of the village or city board, council, or commission within thirty days after any meeting of the board, council, or commission. The publication shall be in a newspaper in or of general circulation in the village or city, shall set forth a statement of the proceedings of the meeting, and shall also include the amount of each claim allowed, the purpose of the claim, and the name of the claimant, except that the aggregate amount of all payroll claims may be included as one item. Between July 15 and August 15 of each year, the employee job titles and the current annual, monthly, or hourly salaries corresponding to such job titles shall be published. Each job title published shall be descriptive and indicative of the duties and functions of the position. The charge for the publication shall not exceed the rates provided for in section 23-122.*

(Emphasis added.) Good internal control and sound accounting practices require procedures to ensure that the Board’s official proceedings describe the purpose of each claim allowed.

Without such procedures, there is an increased risk of not only failure to comply with statutory publication requirements but also a lack of transparency regarding the nature of public expenditures.

We recommend the Board implement procedures to ensure the purpose of each claim allowed is included in the Board’s official proceedings and published in accordance with State statute.

Village Response: *From now on all claims will have a description an example: Mid Nebraska disposal: Monthly trash service for Village and fund it comes out of (general)*

*Each claim will have a description breaking things down to as many categories that are necessary.*

4. **Negative Fund Balance**

On Exhibit A of the Village’s audit waiver request form, the APA noted that the Water Fund had a deficit fund balance of $134,738.95 as of September 30, 2018.

Good internal control and sound accounting practices require procedures to ensure that Village fund balances are sufficient to cover fully all disbursements and transfers approved by the Board. Those same procedures should ensure also that the Board is apprised regularly of each Village fund balance and, therefore, placed in a position to take any action needed to resolve deficits therein.
Without such procedures, there is an increased risk of not only insufficient Village fund balances but also the resultant inability to cover fully all disbursements and transfers approved by the Board.

We recommend the Board implement procedures to ensure it is apprised regularly of each Village fund balance and, therefore, placed in a position to take any action needed to resolve deficits therein.

**Village Response:** *This is from previous work that has been done over time. The board is aware of this and we will be working with our accountant and transferring funds as they are available to bring fund balance to a positive number.*

The preliminary planning work that resulted in this letter was designed primarily on a test basis and, therefore, may not bring to light all existing weaknesses in the Village’s policies or procedures. Nevertheless, our objective is to use the knowledge gained during the performance of that preliminary planning work to make comments and suggestions that we hope will prove useful to the Village.

Draft copies of this letter were furnished to the Village to provide its management with an opportunity to review and to respond to the comments and recommendations contained herein. Any formal responses received have been incorporated into this letter. Such responses have been objectively evaluated and recognized, as appropriate, in the letter. Any response indicating that corrective action has been taken was not verified at this time.

This communication is intended solely for the information and use of the Village and its management. It is not intended to be, and should not be, used by anyone other than those specified parties. However, this letter is a matter of public record, and its distribution is not limited.

If you have any questions regarding the above information, please contact our office.
