

# **NEBRASKA AUDITOR OF PUBLIC ACCOUNTS**

Charlie Janssen State Auditor

Charlie.Janssen@nebraska.gov PO Box 98917 State Capitol, Suite 2303 Lincoln, Nebraska 68509 402-471-2111, FAX 402-471-3301 www.auditors.nebraska.gov

May 6, 2019

Roger Jasnoch, Executive Director Kearney Visitor's Bureau 1007 Second Avenue P.O. Box 607 Kearney, NE 68847

Stan Clouse, Mayor City of Kearney P.O. Box 1180 Kearney, NE 68847 William McMullen, Chairman Buffalo County Board of Commissioners P.O. Box 1270 1512 Central Ave Kearney, NE 68848

Dear Sirs:

As you may know, the Nebraska Auditor of Public Accounts (APA) received some financial concerns regarding the distribution of money from both the County Visitors Promotion Fund (CVPF) and County Visitors Improvement Fund (CVIF) through the Kearney Visitor's Bureau (KVB), pursuant to an agreement with the Buffalo County (County) Board of Commissioners (Board).

In addition to its contractual duties as the primary distributor of CVPF and CVIF receipts, the KVB was responsible, through an agreement with the City of Kearney (City), for promoting economic development through the expenditure of municipal hotel occupation taxes.

As illustrated by the following table, aside from the relatively insignificant amounts of interest and other related income, over 99% of the nearly \$2.73 million made available to the KVB for distribution came from tax revenues during fiscal year 2018 and from July to December 2018.

Funds Received by the KVB							
Receipt Type	FY 2018	July to Dec 2018	Totals				
Lodging Tax	\$ 1,168,662.22	\$ 659,549.88	\$ 1,828,212.10				
Occupation Tax	\$ 578,939.46	\$ 282,855.16	\$ 861,794.62				
Total Tax Receipts	\$ 1,747,601.68	\$ 942,405.04	\$ 2,690,006.72				
Other Receipts	\$ 36,337.96	\$ 44,341.87	\$ 80,679.83				
Total Receipts per General Ledger	\$ 1,783,939.64	\$ 986,746.91	\$ 2,770,686.55				
Note: Other Receipts included interest, billboa	rd income, and State	cross country incom	ne. The APA noted				

soft: Other Receipts included interest, bluboard income, and state cross country income. The APA no \$64,788.08 in State cross country income was reimbursed to the Nebraska School Activities Association.

Responding to the financial concerns raised, the APA began limited preliminary planning work to determine if a full financial audit or attestation would be warranted. In doing so, the APA requested certain financial information from the KVB. Based upon the outcome of our preliminary planning work,

including a thorough review of the financial information obtained, the APA has determined that it is unnecessary for us to perform a separate financial audit or attestation of the KVB, the County, and the City at this time.

Nevertheless, we have noted certain internal control or compliance matters, or other operational matters, that are presented below. The following information is intended to improve internal controls or result in other operational efficiencies.

#### **Background Information**

The KVB is a non-profit corporation established in September 2006. The members of its current Board of Directors are listed below:

Ben Holl	John Payne
Tammy Jackson	Jackie Purdy, Secretary/Treasurer
Brad Kernick	Paul Younes, President
Tim Mannlein	

Roger Jasnoch serves as the Executive Director of the KVB.

The APA has identified the Classic Car Collection (CCC) as an entity that is closely related to the KVB. The CCC is also a non-profit corporation established in May 2011. Four of the six members of the CCC's current Board of Directors are also members of the KVB Board of Directors, as shown below:

Gene Beerbohm	Jeff Knapp
Ben Holl*	John Payne*
Brad Kernick, President*	Jackie Purdy, Secretary*

\*Indicates those members who serve on both the KVB and CCC Boards of Directors.

Roger Jasnoch, noted above as the Executive Director of the KVB, is also the Registered Agent for the CCC.

The KVB's fiscal year 2018 audit report lists the CCC as a related party, meaning that the KVB is influential over the activities and operations of the CCC.

Sometime in late 2010, a donor with a significant collection of classic automobiles sought to create a tourist attraction with those cars in Kearney, Nebraska. Working with the KVB, the donor insisted that the collection be placed with an existing qualified foundation. The Kearney Area Community Foundation agreed to accept and hold title to the automobile collection pending the creation of another non-profit entity, which would become the CCC. The donor agreement between the KVB and the donor's family foundation, the Bernard P. and Janice M. Taulborg Family Foundation, was signed in January 2011.

In order to secure a location to house the automobile collection and to prepare it for exhibit, the KVB incurred significant expenses, including loan payments to a local bank, coverage of operating losses, legal, insurance, and transportation and licensing costs. Therefore, the KVB obtained a Demand Promissory Note from the CCC, dated February 1, 2016, with an initial balance of \$1,884,028.21 at an annual interest rate of 2.62%.

The KVB's audit for fiscal year 2018 makes note of this outstanding loan between the KVB and the CCC, stating its amount as \$2,954,316 at June 30, 2018. No payments have been made on the loan in the last two fiscal years. As of July 2017, the KVB agreed to accrue no further interest on the loan. Nevertheless, the loan amount is increasing, as the KVB continues to pay the operating expenses of the CCC.

The KVB's fiscal year 2018 audit notes also that the KVB took out an operating loan of \$1.2 million with First National Bank in January 2012, for the purpose of financing construction of and improvements to the Taulborg Auto Museum, the designated site of the CCC. The note had an adjustable interest rate of 4.75% and was payable with monthly remittances of \$12,205.80. The note was due to mature in February 2023; however, as of June 30, 2018, the loan balance was \$0.

#### **Comments and Recommendations**

#### 1. <u>County Visitor Promotion and Improvement Funds</u>

The Nebraska Visitors Development Act (Act) is set out at Neb. Rev. Stat. §§ 81-3701 to 81-3729 (Reissue 2014, Cum. Supp. 2018). Section 81-3716 of the Act authorizes any county to collect local lodging taxes for deposit to that political subdivision's CVPF and CVIF.

The County has exercised its authority under the Act to collect local lodging taxes, depositing those amounts into its own CVPF and CVIF.

Additionally, Neb. Rev. Stat. § 81-3719 (Reissue 2014) states the following:

The county board may contract with any person, firm, association, or corporation to carry out its powers and duties under the Nebraska Visitors Development Act.

In October 2007, per the above statute, the County entered into an agreement with the KVB for administration of the local lodging taxes collected. That agreement contains the following language:

County shall budget and pay for all funds collected under the Act to the Bureau.

The agreement also contains this provision:

Bureau shall be responsible for administering the proceeds from taxes provided to County under provisions of the Act for the Promotion Fund and Improvement Fund for the purposes outlined in the Act.

Additionally, the agreement specifies as follows:

That all payments made to Bureau shall be made from the Promotion Fund and/or Improvement Fund as collected and remitted to County from the Nebraska Department of Revenue.

Pursuant to the 2007 agreement, the County's local lodging tax receipts collected under the Act were forwarded to the KVB on a monthly basis, through separate payments from the CVPF and the CVIF. During fiscal year 2018, the KVB received \$584,331.09 from the Nebraska Department of Revenue for the CVPF and \$584,331.13 from the CVIF. Each month, the KVB transferred the funds needed to pay expenses into its general bank account, where they were no longer tracked independently of each other.

This indiscriminate commingling of CVPF and CVIF receipts appears problematic in light of Neb. Rev. Stat. § 81-3717(1) (Reissue 2014), which requires those funds to be expended for distinctly different purposes, as follows:

The proceeds of the County Visitors Promotion Fund shall be used generally to promote, encourage, and attract visitors to come to the county and use the travel and tourism facilities within the county. The proceeds of the County Visitors Improvement Fund shall be used to improve the visitor attractions and facilities in the county, except that no proceeds shall be used to improve a facility in which parimutuel wagering is conducted. If the visitors committee determines that the visitor attractions in the county are adequate and do not require improvement, the governing body of the county, with the advice of the committee, may only use the County Visitors Improvement Fund to promote, encourage, and attract visitors to the county to use the county's travel and tourism facilities or, with the advice of the visitors committee, make grants to organizations to promote, encourage, and attract visitors to the county to use the courty and tourism facilities or to use the county's travel and tourism facilities, except that no proceeds shall be granted to an organization to promote parimutuel wagering.

As made clear by the above statutory language, the CVPF is restricted to being used "generally to promote, encourage, and attract visitors to come to the county and use the travel and tourism facilities within the county." In contrast, the CVIF is to be used solely "to improve the visitor attractions and facilities in the county." Only upon a determination by the visitors committee – in this case, a separate body within the KVB – that county attractions "are adequate and do not require improvement" may the CVIF be used for the general purposes ascribed to the CVPF.

Moreover, Neb. Rev. Stat. § 81-3720(1)(a) (Reissue 2014) details further the appropriate uses of the CVIF:

The fund shall be used to make grants for expanding and improving facilities at any existing visitor attraction, acquiring or expanding exhibits for existing visitor attractions, constructing visitor attractions, or planning or developing such expansions, improvements, or construction.

Because the CVPF and the CVIF receipts managed by the KVB are comingled, it is impossible to determine whether they have been used as statutorily mandated by § 81-3717(1) and § 81-3720(1)(a). For instance, the KVB maintains no documentation to support the making of any determination regarding the adequacy of the County's visitor attractions and facilities – which, as noted above, is required in order to expend monies in the CVIF for the general purposes ascribed to the CVPF.

Without adequate procedures for maintaining CVPF and CVIF receipts separately, as well as documenting the statutorily required determination regarding adequacy of the County's visitor attractions and facilities, there is an increased risk of local lodging taxes being expended improperly.

We recommend the County work with the KVB to implement procedures for ensuring that local lodging taxes collected under the Act are segregated appropriately and used in accordance with State statute. Such procedures should include documenting not only the specific expenditures of CVPF and CVIF receipts but also any determination regarding the adequacy of the County's visitor attractions and facilities.

KVB Response: We believe it is clear that, by considering the amount of total expenditures, it cannot be stated that CVIF funds were necessarily used in place of CVPF funds, given the adequate amount of CVPF funds available for such use.

Nonetheless, we believe that the problem raised stems from the failure to show the CVPF and CVIF revenues and expenditures separately on reports generated from the KVB accounting software so that one could tell from which fund expenses were paid. While the lodging tax revenues are segregated and paid to the KVB separately and the two revenue streams are deposited in the same bank account, we have taken action to both budget and account separately for revenues and expenses attributed to the CVPF and the CVIF. We have determined that we can correct this issue by modifying the format of our general ledger and the other reports generated from the accounting software. We have already made those modifications so that we may more clearly resolve any confusion.

We will also ensure that such findings and determinations made by the visitors committee are reflected in the minutes of their meetings to ensure that they are properly documented.

#### 2. <u>Classic Car Collection Funding</u>

As noted in the "Background Information" section herein, the CCC had an outstanding loan with the KVB in the amount of \$2,954,316 at June 30, 2018. As of December 31, 2018, the obligation had grown to \$3,095,212.76.

That debt arose from a Demand Promissory Note dated February 1, 2016, in the initial amount of \$1,884,028.21. The KVB considered this loan instrument necessary in light of its significant expenses incurred on behalf of the CCC, including loan payments to a local bank, coverage of operating losses, and legal, insurance, transportation and licensing costs related to the CCC. The loan amount increases as the KVB provides additional support to the CCC, but it cannot exceed \$4 million.

On July 19, 2017, the Board of Directors of the KVB approved a Resolution containing the following:

RESOLVED, that the staff and financial professionals working on behalf of KVB are directed to treat any financial support of the CCC by KVB beyond the amount of \$4 million as a grant to CCC and not as further accumulating debt that is subject to recovery upon any liquidation of the Collection under the existing documentation between KVB and CCC.

The following table provides a summary of the local lodging and occupation taxes used for the payment of operating expenses of the CCC from July 2017 through December 2018:

Date	Name	Memo		Debit	Balance

The information above shows that the KVB is authorizing the use of both the County's local lodging taxes and the hotel occupation taxes collected by the City to cover the CCC's operating expenses.

As pointed out already in Comment #1 ("County Visitor Promotion and Improvement Funds") herein, per § 81-3717, the CVPF is supposed to be used "generally to promote, encourage, and attract visitors to come to the county and use the travel and tourism facilities within the county." Likewise, the CVIF must be used "to improve the visitor attractions and facilities in the county" – unless, upon a determination by the visitor's committee that the county's visitor attractions "are adequate and do not require improvement," the CVIF is used for the general purposes ascribed to the CVPF.

Additionally, § 81-3720(1)(a) specifies that the CVIF may be used to make grants for the following purposes:

[F] or expanding and improving facilities at any existing visitor attraction, acquiring or expanding exhibits for existing visitor attractions, constructing visitor attractions, or planning or developing such expansions, improvements, or construction.

Similar to the County's 2007 agreement directing the KVB to administer funds received from the CVPF and the CVIF, the City adopted Resolution No. 2008-207 on November 11, 2008, authorizing an agreement "for the purpose of promoting economic development in the City of Kearney, Nebraska, and its immediate business, industrial, and manufacturing environments." Per that agreement, the City promised to "pay to the Visitors Bureau the total amount of hotel occupation taxes collected." Those funds were to be used in accordance with Neb. Rev. Stat. § 13-315 (Reissue 2012), which provides the following:

The city commissioners or council of any city, the board of trustees of any village, and the county board of any county in the state shall have the power to appropriate or expend annually from the general funds or from revenue received from any proprietary functions of their respective political subdivision an amount not to exceed four-tenths of one percent of the taxable valuation of the city, village, or county <u>for the purpose of encouraging immigration, new</u> <u>industries, and investment and to conduct and carry on a publicity campaign</u>, including a publicity campaign conducted for the purpose of acquiring from any source a municipal electrical distribution system or exploiting and advertising the various agricultural, horticultural, manufacturing, commercial, and other resources, including utility services, of the city, village, or county. <u>Such sum may be expended directly by the city, village, or county or may be</u> <u>paid to the chamber of commerce or other commercial organization</u> or a similar county organization or multicounty organization or local development corporation to be expended for the purposes enumerated in this section under the direction of the board of directors of the organization. The total amount levied including the appropriation or expenditure made under this section shall not exceed the amount limited by law.

(Emphasis added.) In addition to permitting the City's tax revenues to be used "for the purpose of promoting economic development in the City of Kearney, Nebraska, and its immediate business, industrial, and manufacturing environments" the above statute allows those funds to be "expended directly by the city . . . [or] paid to the chamber of commerce or other commercial organization" for proper disbursement.

Whether the CCC's operating costs constitute allowable expenditures for the County's CVPF or CVIF funds or the City's hotel occupation tax revenues is uncertain in light of the statutory provisions referenced above.

As also pointed out already in the "Background Information" section herein, the CCC is a related party of the KVB. As such, the KVB has dispensed the tax funds entrusted to it for the operating expenses of a closely related entity – one over which the KVB exerts significant control, if for no other reason than the fact that a majority of the members of the CCC's Board of Directors are also members of the Board of Directors for the KVB.

Such a close relationship involving certain public officials or government employees would likely give rise to concerns under various provisions of the Nebraska Political Accountability and Disclosure Act (NPADA), which is set out at Neb. Rev. Stat. §§ 49-1401 to 49-14,142 (Reissue 2010, Cum. Supp. 2018). For instance, § 49-14,101.01 of the NPADA prohibits a public official or public employee from using his or her position "to obtain financial gain . . . [for] a business with which the individual is associated." Similarly, 49-14,103.01 says that "no officer may have an interest in any contract to which his or her governing body, or anyone for its benefit, is a party." That statute defines such "interest" to include, among other things, a "business association . . . with the business involved in the contract."

Because the County's local lodging tax funds and the City's hotel occupation tax revenues are distributed by the KVB, a private, non-profit entity, the statutory constraints of the NPADA are not applicable; however, the close relationship between the KVB and the CCC might cause the tax receipt distributions from the former to the latter to appear somewhat dubious nonetheless. This is especially true given that such distributions differ significantly from those made to other recipients. As shown by **Exhibit A** herein, the KVB awarded the County's local lodging tax receipts to entities other than the CCC for special events, community grants, and conventions from July 2017 through December 2018. Though not reflected in **Exhibit A**, the same is true for the City's hotel occupation tax revenues, which were spent largely on advertising expenses. Only the CCC received funding under the Act for operating costs.

Without procedures to ensure that all distributions of the County's local lodging tax receipts and the City's hotel occupation taxes are appropriate under their respective controlling statutes, there is an increased risk for the loss or misuse of those public funds.

We recommend the County work with the KVB to implement procedures for ensuring the proper use of the County's local lodging tax receipts and the City's hotel occupation taxes. In particular, given the related-party association of the KVB and the CCC, such procedures should examine whether payment of the CCC's operating expenses is an allowable use of those public funds.

KVB Response: We believe that the CVPF and CVIF funds were properly used in supporting the various aspects of the CCC development and in its ongoing support. We will continue to examine, and to consult with our legal counsel concerning, the best practices for use of these funds, as well as funds generated under the City's occupation tax.

Further, we will advise the CCC that a restructure of its board might be in order to mitigate any concerns about the appearance of related parties. Finally, we will adjust our grant process to allow us to better document the purposes and uses of funds requested in amending our grant application forms.

#### 3. <u>Loan Issue</u>

As noted in the "Background Information" section of this letter, the KVB entered into an agreement to create an exhibit for a collection of classic automobiles and prepare a location for that attraction. In April 2011, to generate the capital needed for that undertaking, the KVB secured a \$1,100,000 construction/term loan with the Platte Valley State Bank.

As security for the loan, the KVB pledged an assignment of the County's local lodging tax proceeds, which according to an April 6, 2011, letter from the bank was "acknowledged by Buffalo County Board."

This debt was extinguished and rolled into another, larger note for \$1.2 million in January 2012. The same Security Agreement was used for the new note, which was fully paid in August 2016.

This arrangement appears to have violated Article XIII, § 3, of the Nebraska Constitution. That particular provision provides the following:

The credit of the state shall never be given or loaned in aid of any individual, association, or corporation, except that the state may guarantee or make long-term, low-interest loans to Nebraska residents seeking adult or post high school education at any public or private institution in this state. Qualifications for and the repayment of such loans shall be as prescribed by the Legislature.

(Emphasis added.) According to the Nebraska Supreme Court (Court), the above constitutional prohibition "applies to the State and all political subdivisions thereof." <u>State ex. Rel. Beck v. York</u>, 164 Neb. 223, 225, 82 N.W.2d 269, 271 (1957).

Additionally, when considering the propriety of pledging the County's local lodging tax receipts to secure a loan for the KVB, it should be noted that the Court has emphasized repeatedly that a person or entity "cannot do indirectly what he is forbidden or unauthorized directly to do." <u>Stenberg v. State</u>, 48 Neb. 299, 310, 67 N.W. 190, 192 (1896). Thus, if Article XIII, § 3, prohibits the County from giving or loaning its credit to a private entity, that same constitutional provision also prohibits the County from permitting someone or something else from doing so on its behalf or in its stead.

The Court has explained the purpose of Article XIII, § 3, as follows:

[T]he purpose of article XIII, § 3, of Nebraska's Constitution is to prevent the state or any of its governmental subdivisions from extending the state's credit to private enterprise. It is designed to prohibit the state from acting as a surety or guarantor of the debt of another.

<u>Haman v. Marsh</u>, 237 Neb. 699, 718, 467 N.W.2d 836, 850 (1991) (Internal citations omitted.). In the <u>Marsh</u> case, the Court ruled on the constitutionality of legislation that proposed using \$33.8 million of State tax funds to compensate depositors who had suffered losses due to the failure of industrial loan and investment companies in Nebraska. Providing a quite lengthy and detailed analysis, the Court held that the proposed legislation violated Article XIII, § 3. In doing so, the Court noted the following:

The stated purpose of the act is redemption of the guaranties of a private corporation to depositors by obligating present and future taxes from the state's general fund. This is precisely the activity article XIII, § 3, was enacted to prohibit.

Id. at 720, 467 N.W.2d at 850-851. Likewise, in a subsequent case, Japp v. Papio-Missouri River Nat. Res. Dist., 273 Neb. 779, 788, 733 N.W.2d 551, 558 (2007), the Court stated the following:

In summary, Article XIII, § 3, seeks to prevent the state from loaning its credit to an individual, association, or corporation with the concomitant possibility that the state might ultimately pay that entity's obligations.

In his dissenting opinion to the Court's decision in <u>Callan v. Balka</u>, 248 Neb. 469, 482, 536 N.W.2d 47, 54 (1995), moreover, Justice Lanphier provided the following explanation:

Article XIII, § 3, seeks to prohibit the obligation of present and future taxes from the state's general fund in aid of private entities.

It should be noted also that the Court has rejected the argument that the prohibition in Article XIII, § 3, would not apply to projects involving a "public purpose," as follows:

We reject the defendants' argument that public purpose necessarily saves the statute and avoids judicial scrutiny.

\* \* \* \*

The prohibition against the pledge of the state's credit does not hinge on whether the legislation achieves a "public purpose," when the pledge benefits a private individual, association, or corporation. The key is whether the state stands as a creditor through the expenditure of public funds or as a debtor by the extension of the state's credit to private corporations, associations, or individuals. The state is not empowered to become a surety or guarantor of another's debts.

<u>Marsh</u> at 721-722, 467 N.W.2d at 851-852. Based on all of the above, it appears that pledging present and future local lodging taxes of the County to help secure a loan for the KVB, a private entity, violated Article XIII, § 3. Even though the KVB obtained the loan to assist and support the CCC, which is a public tourist attraction upon which a considerable amount of County and City taxes have been spent, the prohibition in XIII, § 3, would still preclude the County from pledging its revenues as security for the loan to the KVB.

Without procedures to ensure compliance with Article XIII, § 3, there is an increased risk for the unlawful use of County funds.

We recommend the County and the KVB implement procedures to prevent any future conflicts with Article XIII, § 3, of the Nebraska Constitution.

KVB Response: We appreciate the concern. We will continue to consult with our legal counsel and with the County and City concerning any possible conflicts with Art. III, § 3 of the Nebraska Constitution.

#### 4. KVB Reporting

The KVB failed to provide the County with the annual report required by its agreement with KVB.

In October 2007, as noted in Comment #1 ("County Visitor Promotion and Improvement Funds") herein, the County entered into an agreement with the KVB for administration of the local lodging taxes collected. Section 7 of that agreement contains the following:

The Bureau shall submit to County, no less than annually, starting in May 2008 and any mutually agreed annual date thereafter, a written report and if requested, a personal staff report. Such report shall detail services and/or facilities funded by the Promotion and/or Improvement Funds that the Bureau has rendered to County.

Failure to submit the annual report required under the agreement has not only left the County largely unaware of how local lodging tax receipts have been expended by the KVB but also increased the risk for loss or misuse of those public funds.

We recommend the County and the KVB ensure compliance with all provisions of their agreement for the administration of local lodging tax funds, including the requirement for a report detailing the expenditure of those public monies.

KVB Response: While we have provided reports over the years to the County Board, and while we work closely with the County Board and believe the County to be largely well-informed about the expenditure of Buffalo County lodging tax receipts, we agree that we could do a better job of documenting our reporting and preserving these reports for review. We will strive to improve our annual reporting by preparing more detailed reports and carefully accounting the distinction between CVPF and CVIF funds. We sincerely appreciate the effort and thought expended in making useful comments and recommendations for shoring-up and improving upon our policies and procedures. We will use them to benefit our work for the County, the City and the rest of our public constituency.

The preliminary planning work that resulted in this letter was designed primarily on a test basis; therefore, it may not bring to light all existing weaknesses in the policies and procedures of the KVB, the County, or the City. Nevertheless, our objective is to use the knowledge gained of those entities to make comments and recommendations that we hope will prove useful.

Draft copies of this letter were furnished to the KVB, the County, and the City to provide for an opportunity to review and to respond to the comments and recommendations contained herein. All formal responses received have been incorporated into the present letter. This communication is intended solely for the information and use of the KVB, the County, and the City. It is not intended to be, and should not be, used by any other party. However, this letter is a matter of public record, and its distribution is not limited.

If you have any questions regarding the above information, please contact our office.

Sincerely,

Mary Avery

Mary Avery Special Audits and Finance Manager Phone 402-471-3686 Mary.Avery@nebraska.gov
