Randy Bohaty, Vice Chairperson
Raymond Rural Fire District
4210 West Raymond Road
Raymond, NE 68428

Dear Vice Chairperson Bohaty:

The Nebraska Auditor of Public Accounts (APA) has reviewed the audit waiver request received from the Raymond Rural Fire District (District) for the fiscal year ending 2020. **That request has been approved.**

While performing, pursuant to Neb. Rev. Stat. § 84-304 (2020 Neb. Laws, LB 781, § 8), the preliminary examination necessary to determine whether further audit work would be required or the audit waiver should be allowed, the APA noted certain internal control or compliance matters, or other operational issues, within the District.

The following information is intended to improve internal controls or result in other operational efficiencies.

**Comment and Recommendation**

**Potentially Unallowable Expenses**

Our review of the bank statements obtained from the District revealed payments to the Raymond Volunteer Fire Department (Department) for reimbursement of expenses. During the review of underlying supporting documentation for these reimbursements, the APA noted that the District reimbursed the Department for the purchase of casino gaming services for the annual recognition banquet, totaling $1,143.

The Local Government Miscellaneous Expenditure Act (Act), which is set out at Neb. Rev. Stat. § 84-304 (2020 Neb. Laws, LB 781, § 8), specifies various expenditures, aside from those otherwise authorized by law, that constitute allowable uses of public funds by designated political subdivisions. The provisions of the Act are made applicable to Districts, among numerous other public entities, by both subsections (2) and (3) of Neb. Rev. Stat. § 84-2202 (Supp. 2019).

Neb. Rev. Stat. § 13-2203 (Supp. 2019) of the Act enumerates the miscellaneous expenditures permitted by governing bodies of local governments. The purchase of gaming services – whether for a recognition banquet or other personal occasion are not found among that select statutory list of permissible expenditures. As a result, such disbursements must be considered disallowed by law.

Good internal control requires procedures to ensure compliance with the provisions of the Act.

Without such procedures, there is an increased risk for not only noncompliance with applicable statutory requirements but also loss or misuse of District funds.

We recommend the Board implement procedures to ensure all District purchases are allowable under State statute, including the provisions of the Act.
The preliminary planning work that resulted in this letter was designed primarily on a test basis and, therefore, may not bring to light all existing weaknesses in the District’s policies or procedures. Nevertheless, our objective is to use the knowledge gained during the performance of that preliminary planning work to make comments and suggestions that we hope will prove useful to the District.

This communication is intended solely for the information and use of the District and its management. It is not intended to be, and should not be, used by anyone other than those specified parties. However, this letter is a matter of public record, and its distribution is not limited.
