RE: Report of Corrective Actions Investigations and Evaluations

Investigations and evaluations of corrective action responses filed with the Auditor of Public Accounts (APA) are to be reported per Neb. Rev. Stat. § 84-304(3)(b) (Supp. 2021), which says the following:

Any entity, excluding the state colleges and the University of Nebraska, that is audited or examined pursuant to subdivision (3)(a) of this section and that is the subject of a comment and recommendation in a management letter or report issued by the Auditor of Public Accounts shall, on or before six months after the issuance of such letter or report, provide to the Auditor of Public Accounts a detailed written description of any corrective action taken or to be taken in response to the comment and recommendation. The Auditor of Public Accounts may investigate and evaluate the corrective action. The Auditor of Public Accounts shall then electronically submit a report of any findings of such investigation and evaluation to the Governor, the appropriate standing committee of the Legislature, and the Appropriations Committee of the Legislature. The Auditor of Public Accounts shall also ensure that the report is delivered to the Appropriations Committee for entry into the record during the committee's budget hearing process;

For the period January 1, 2022, through January 31, 2023, the APA received corrective action plans for 16 of the audit reports issued to various agencies. (See all plans attached in Attachment A) All of these action plans were or will be verified during subsequent audits, and the results of such audits were or will be reported to the Governor, the appropriate standing committee of the Legislature, and the Appropriations Committee of the Legislature upon issuance of the audits. No special investigations or evaluations of these reports were conducted during the period January 1, 2022, through January 31, 2023.

The table below contains a summary of APA reports issued since January 1, 2022, including the number of findings in each, the corrective action plan due dates, and the date on which the APA received a corrective action plan. When blank, no corrective action plan was received because the APA's audit report lacked any findings, making the § 84-304(3)(b) reporting requirement not applicable (N/A). A copy of each audit report issued is available on the APA's website.

Charlie Janssen Nebraska Auditor of Public Accounts State Capitol, Suite 2303 Lincoln, NE 68509-8917

Dear Auditor Janssen:

Neb. Rev. Stat. §84-304(3)(b) requires entities to describe the corrective actions taken or to be taken in response to audits conducted by the Auditor of Public Accounts. This letter is intended to meet that requirement for the ACFR Early Management Letter for July 1, 2020 through June 30, 2021

Recommendation: Court Order Approval

Action: An enhancement has been designed for the JUSTICE subsystem DOCKET that would log the user ID during certain actions along with additional information such as date and time. At this time, programming and development resources are not available to move forward with the project.

Recommendation: JUSTICE Terminated User Access

Action: A new form for supervisors to complete when an employee leaves the Judicial Branch is in development. It will provide information on all systems for which access must be terminated.

Sincerely,

Corey R. Steel

ATTESTATION REPORT OF THE NEBRASKA SECRETARY OF STATE JULY 1, 2020, THROUGH JUNE 30, 2021

Received February 4, 2022 – Secretary of State corrective action plan.

Secretary of State Corrective Action Plan 2/4/2022

APA Comment: Internal Control Over Receipts

- Licensing Division: The Licensing Division contains a Licensing section and Rules and Regulations section. The Secretary of State's Licensing section utilizes Enterprise Content Management (ECM) to issue licenses and store documents. ECM does not currently have receipting or reporting functions; therefore, the Secretary of State uses a separate database to receipt money and issue receipts. No individual, separate from the receipting process, compared the number of licenses issued to the receipts. The Rules and Regulations section utilizes the same receipting database as noted above to issue receipts. Due to the security limitations of the receipting database, both the Licensing and the Rules and Regulations sections lack an adequate segregation of duties, as one individual has the ability to enter receipts and process transactions without additional oversight. This division collected approximately \$30,000 in office.
- Elections Division: The Secretary of State's Election Division utilizes the Central Election Reporting System (CERS) for candidate filings and registrations. This system does not currently have receipting or reporting functions; therefore, the Secretary of State uses a separate database to receipt money and issue receipts. No individual, separate from the receipting process, compared the number of filings and registrations to the receipts. This division collected approximately \$17,500 in office

Corrective Action: In September 2021, collection agency licensing was moved to a new system, NMLS. This new system requires applicants to file and pay online only. No cash/checks are coming into our office anymore for these license types. Collection agency licensing accounts for 80% of the revenues of this division.

For the other licensing types and rules/regs fees, which collect a very small amount of revenue, the system is not sophisticated enough to allow for reconciliation of licenses issued. Licensing staff open the mail and enter the monies received into the deposit database and give the receipt log with the payment to Finance staff. Licensing staff do not have access to enter deposit in E1. Finance staff prepare and enter the deposit in the State Accounting System (E1). At the end of each month, Finance staff generate a revenue report from E1 showing all deposits for the month, which is sent out to the Licensing Division. The Licensing Division manager, who is not a part of the receipting process, will then reconcile that report to a report from the deposit database of all receipts entered for the month, as well as review monthly revenues for reasonableness. A new report was added to deposit database in October 2021, which allows the division manager to run a list of all receipts for a specified date range.

The Elections Division is in the process of obtaining a new or upgraded candidate filing system, which would allow for better reporting and reconciliation of candidate filing fees to deposits. For now, Elections staff open the mail and enter the monies received into the deposit database and give the receipt log with the payment to Finance staff. Elections staff entering the receipts do not have access to enter deposit in E1. Finance staff prepare and enter the deposit in E1. At the end of each month, Finance staff generate a revenue report from E1 showing all deposits for the month, which is sent out to the Elections Division. The Elections Division manager, who is not a part of the receipting process, will then reconcile that report to a report from the deposit database of all receipts entered for the month, as well as review monthly revenues for reasonableness. A new report was added to deposit database in October 2021, which allows the division manager to run a list of all receipts for a specified date range.

AUDIT REPORT OF THE NEBRASKA DEPARTMENT OF ENVIRONMENT AND ENERGY CLEAN WATER STATE REVOLVING FUND PROGRAM JULY 1, 2020, THROUGH JUNE 30, 2021

Honorable Charlie Janssen Auditor of Public Accounts State Capitol, Suite 2303 P.O. Box 98917 Lincoln, Nebraska 68509-8917

Dear Mr. Janssen,

This letter is to serve as the Agency's Corrective Action Plan to the audit report of the Nebraska Department of Environmental Quality – Clean Water State Revolving Fund Program for the fiscal year ended June 30, 2021.

Upon review, the audit report noted certain deficiencies and other operational matters the agency has taken corrective action intended to improve the internal controls over financial reporting.

 Financial Statement Errors: Calculation of the compensated absences accrual, payables accruals, and software capitalization.

Agency Corrective Action: The agency will have two plans to correct this issue. Plan A: The financial statements will be process by the Accounting & Finance Manager (Clean Water) and an Accountant III (Drinking Water). The process will begin the first week of August. The fiscal team will have until October 31st to finish the statements, which includes a check of each other's work. If unsuccessful, then Plan B: Outsource the financial statements to a professional accounting firm. The firm will be identified by the Accounting & Finance Manager by July 31st.

Sincerely

FY 2021 ANNUAL COMPREHENSIVE FINANCIAL REPORT MANAGEMENT LETTER – DEPARTMENT OF REVENUE – ISSUED MAY 6, 2022.

Received May 13, 2022 – Department of Revenue corrective action plan.

22

May 13, 2022

Charlie Janssen State Auditor PO Box 98917 State Capitol, Suite 22303 Lincoln, NE 68509

Dear Auditor Janssen:

This letter is to serve as the corrective action response to the ACFR management letter of the Nebraska Department of Revenue (DOR) for the fiscal year ended June 30, 2021.

Accrual Reporting

The Nebraska Department of Administrative Services, State Accounting Division (State Accounting), prepares the State of Nebraska Annual Comprehensive Financial Report (ACFR) and requires all State agencies to determine and report accurate amounts for financial reporting, including various accounts receivable balances as well as an allowance for doubtful accounts.

The delinquent tax receivable amount for individual income tax was understated by \$3,276,543. Additionally, the allowance for doubtful accounts for the delinquent tax receivable for sales and use tax, withholding tax, individual income tax, and corporate income tax amount was understated by \$75,266,317. These items were due to errors in the Department's calculation procedures.

A good internal control plan requires agencies to have procedures for the reporting of accurate and complete financial information to State Accounting.

Without such procedures, there is an increased risk of material misstatements occurring and remaining undetected.

We recommend the Department review and update the current procedures for properly calculating accruals for the ACFR to ensure that accurate amounts are being reported to State Accounting.

Corrective Action Plan: DOR will review and update its ACFR procedures and processes to include protested audit assessments in the total balance due amounts for accrual reporting purposes. Significant changes in financial activity occurring within the reporting period will be reviewed to ensure there is no increased risk of material misstatements in accrual information reported to State Accounting.

Sincerely,

Tony Fulton Tax Commissioner

Re: NDOL Attestation Audit (7/1/2020 - 6/30/2021)

The Department's section 84-304 response to the NE State Auditor's December 14, 2021, Attestation Report is as follows:

SUMMARY OF COMMENTS

- Accounting Issues [DEPARTMENT RESPONSE]: The Nebraska Department of Labor (NDOL) has hired a
 new Chief Financial Officer and substantially revised duties and responsibilities regarding journal entries.
 NDOL is working closely with the Department of Administrative Services (DAS) to ensure that financial
 transactions are recorded correctly in accordance with DAS accounting standards.
- 2. Unemployment Insurance Benefit Payments [DEPARTMENT RESPONSE]:

As a reminder, this audit period covers the COVID-19 pandemic period in which NDOL had an unprecedented unemployment workload and instituted five new unemployment programs in a matter of months.

Ineligible Payments to Inmates: The inmate crossmatches were reviewed and have been brought up to date.
Crossmatches are done regularly with records in both the Nebraska Criminal Justice Information System and the Social Security Administration.

Benefits Paid to Deceased Claimants: In addition to the previous crossmatches of death records with the Social Security Administration, NDOL has entered into a data sharing agreement with the Nebraska Bureau of Vital Statistics to crossmatch Nebraska unemployment claims with the Bureau's Nebraska death records.

Improper Unemployment Benefits Paid to State Employees: NDOL is regularly crossmatching all unemployment claims with the state employee data base. The Department recognized issues within the Benefit Payment Control Unit during the pandemic.

Honorable Charlie Janssen, NE Auditor of Public Accounts December 8, 2021 Page 2 of 3

Re: NDOL Audit (7/1/2020 - 6/30/2021)

Benefits Paid to Claimants Under the Age of Sixteen: There is no minimum age requirement for either regular state unemployment benefits or Pandemic Unemployment Assistance. The Department has reviewed the claims in question and determined that the individuals were eligible for Pandemic Unemployment Assistance.

Adjudication Issues: NDOL has corrected the issues that resulted in work search requirements being set for some claimants.

Pandemic Unemployment Assistance (PUA) Issues: USDOL has reviewed NDOL's administration of the PUA program and all findings have been resolved to the satisfaction of USDOL. DOL has required all PUA claimants to report and provide identity verification. In addition, NDOL has individuals filing a new PUA application on or after January 31, 2021, or claiming a week of PUA benefits on or after December 27, 2020 (regardless of which week ending date is being paid). NDOL implemented two-factor authentication for all claimants in January 2021.

Short-Time Compensation (STC) Claimants and Claimants with Excessive Wages: The STC program was conducted in accordance with state and federal guidelines.

Untimely Resolution to Bank Account Fraud Investigations: NDOL has implemented the data integrity hub's recommended standard for preventing this issue.

Duplicate Benefit Payments: NDOL reviewed all known duplicate payments and will establish overpayments if excess benefits were paid.

Maximum Benefit Amount (MBA) Not Correctly Calculated: Monetary eligibility on the claim was correctly determined. No overpayment exists.

Inaccurate Social Security Numbers: The individuals filing claims provided an inaccurate, but valid, SSN.Based upon the SSN information provided by the claimant, the individuals were placed in the PUA program as per the CARES Act.

Improper Employer Charges: NDOL has corrected the charging errors.

- Lack of Timely Response for Audit Requests [DEPARTMENT RESPONSE]: NDOL has requested that the APA route all requests through the Chief Financial Officer so that timeliness requirements can be met. The APA staff have and will be given unlimited access to the requested files. Requests for additional explanation of records are outside the scope of Neb. Rev. Stat. § 84-305
- 4. Inadequate Review of Unemployment Insurance Administrative Expenditures [DEPARTMENT RESPONSE]: A revision of the data warehouse monthly billing with the OCIO was not needed as costs are split based on project assignment and additional ad-hoc requests that are reported by the contractor.
- 5. Nebraska Training and Support Cash Fund [DEPARTMENT RESPONSE]: The Worker Training Program Guidelines have been modified to align program design with GSA Travel Management Policies, to include Meal and Incidental (M&IE) Rates and Restrictions, Lodging, and Travel Reimbursement Rates. Additionally, the program has been restructured to include multiple layers of review to ensure grant payments are reasonable and adequately supported, and Worker Training Board meeting minutes are sufficiently documented. application is received as currently provided for in the Program Grant Guidelines.

Honorable Charlie Janssen, NE Auditor of Public Accounts December 8, 2021 Page 3 of 3

Re: NDOL Audit (7/1/2020 - 6/30/2021)

- Payroll Lacked Segregation of Duties [DEPARTMENT RESPONSE]: NDOL prohibits employees from being able to approve their own timesheet. Timesheet review delegation is required to be to the supervisor's supervisor.
- State Vehicle Usage [DEPARTMENT RESPONSE]: Employees of the Department have been reminded that
 they are required to follow state policy.
- 8. Employment Services Monitoring [DEPARTMENT RESPONSE]: Because of additional funding sources that will be used in the JAG program in FY22, the Department plans to treat all funds awarded or paid to UWM as a subaward going forward. The Department is developing both fiscal and programmatic monitoring guides, as well as standardized monitoring schedules, for all grants awarded to non-federal entities in which the Department serves as a pass-through entity.
- WIOA Subrecipient Monitoring [DEPARTMENT RESPONSE]: The Department's monitoring unit
 integrated fiscal monitoring in October 2021. Every local workforce development area will be fiscally
 monitored on an annual basis to ensure compliance with Federal cost principles, in addition to existing
 programmatic monitoring.
- 10. Untimely Refund [DEPARTMENT RESPONSE]: No corrective action plan is needed because the refund was not paid in accordance with NDOL policy.
- 11. Fines & Penalties Incorrectly Coded [DEPARTMENT RESPONSE]: NDOL has corrected this coding issue.
- Changes to Banking Information NE Works [DEPARTMENT RESPONSE]: As stated in the August 3, 2021, response, the Department has implemented new procedures to address this risk.

FY 2021 ANNUAL COMPREHENSIVE FINANCIAL REPORT MANAGEMENT LETTER – DEPARTMENT OF LABOR – ISSUED MAY 6, 2022. AND FY2021 NEBRASKA STATEWIDE SINGLE AUDIT – ISSUED JUNE 23, 2022.

Received November 17, 2022 – Department of Labor corrective action plan.

Below are the Corrective Action Plans in response to the Department of Labor July 1 2020 through June 30 2021 ACFR Management Letter.

1.Accounting Issues

Corrective Action Plan: NDOL Financial Services will work with DAS to establish procedures for accurately reporting the UI fund for the ACFR. Furthermore, the Department is establishing procedures for its staff to review documentation, including the trial balance, and reconcile the separate subsystems to the accounting system to identify issues that needed to be rectified. In addition, NDOL Financial Services will establish appropriate support for balances within EnterpriseOne, and adequate controls to ensure financial data was accurate and complete.

Anticipated Completion Date: June 30, 2023

2.Unemployment Insurance Benefit Payments

Corrective Action Plan: Necessary procedures are already in place. The Department meets USDOL expectations in administration of the program.

Contact: Andi Bridgmon

Anticipated Completion Date: N/A

3. Lack of Payroll Segregation of Duties and Other Issues

Corrective Action Plan: NDOL Financial Services will establish internal controls related to one-time overrides of pay rates, hours worked, and type of earnings paid (such as vacation, sick leave, etc.), along with documenting procedures to identify unapproved changes, would further ensure that no one individual can conceal errors or irregularities. The Finance team will work with Human Resources to implement a tracking process for delegation and to enforce policy that approval authority can be delegated only to a management level above the approving supervisor. The Finance team has already developed and implemented a process to validate payroll against the General Ledger. Staffing has led to this CAP to extend completion date from September 30, 2022 to January 31, 2023.

Anticipated Completion Date: January 31, 2023

4. Untimely Responses to Records Requests

Corrective Action Plan: The department has designated the Chief Financial Officer to serve as the point of contact or copied on all APA requests. This ensures that the requests receive responses timely or with reasonable response time. Timeliness has been significantly better compared to past periods of request. However, lack of staff and institutional knowledge has delayed a few responses. The agency will continue to focus on response timeliness.

Nebraska Department of Education National Deaf-Blind Equipment Distribution Program Audit 7/1/2020 – 6/30/2021

Corrective Action Plan

Recommendation from the Nebraska State Auditor's Office: We recommend the Program periodically review its reimbursement rates to ensure that they are reasonable and appropriate, obtain FCC approval of the rates, and ensure documentation is maintained for the determination, review, and approval of the rates.

Corrective Action:

ATP used the wages/benefits paid during 3rd quarter State Fiscal year 2021 (1/1/2022 -3/31/2022) to recalculate the reimbursement rates being used for the I Can Connect (ICC) program funded by the Federal Communications Commission (FCC).

- -Total hours for that period for the ICC program totaled 28.5.
- -Benefits paid out for the ICC program in that quarter totaled \$336.20.
- -Average cost of benefits for that quarter totaled \$11.80

Using the highest paid staff's hourly rate (\$28.976) attached to the ICC program that quarter, and adding 4% for the annual pay increase effective July 1,2022 (28.976 + 1.159 = 30.14) gave us a wage of \$30.14 per hour.

Adding the wage (30.14) and the average benefit cost (11.80) gave us an hourly rate of \$41.94.

Using this number and adding a 9% margin of error gave us a billable rate for staff time (wages and benefits) of \$45.00 per hour for Supervisor and Technology Specialist time.

Mileage rate has been set at the current GSA rate of .625.

These update rates have been approved by the FCC effective 7/1/2022.

Charlie Janssen, State Auditor Nebraska Auditor of Public Accounts State Capitol, Suite 2303 P.O. Box 98917 Lincoln, Nebraska 68509

Auditor Janssen,

Per Neb. Rev. Stat. § 84-304(3)(b), the Nebraska Public Employees Retirement System (NPERS) is providing you a "detailed written description of any corrective action taken or to be taken in response to the comment(s) and recommendation(s)" that were communicated to our agency in the audit report for the Nebraska Public Employees Retirement System-School, Judges and Patrol Report issued March 17, 2022.

The corrective action for the report comment for the School, Judges and Patrol Audit Report is summarized below.

Death Overpayments – The Auditor of Public Accounts (APA) recommended NPERS "strengthen procedures to ensure that all member deaths are identified in a timely manner. NPERS should work with the Nebraska Department of Health and Human Services to obtain a list of death certificates filed with the State for comparison against its benefit payment records.

NPERS has discussed with teammates and continues to discuss the importance of ensuring that the financial information is complete, accurate and correct. NPERS will be working with teammates to incorporate additional review steps for the financial statements.

Controls of Over Financial Reporting and Disclosures- The APA recommended NPERS "implement procedures to ensure benefit and refund payable accruals are correct, and footnote disclosures are accurate and comply with requirements established by the Governmental Accounting Standards Board."

NPERS accounting staff has been working on making sure the procedures are complete and accurate. When the footnotes are submitted, they will be complete.

Death Benefit Payment Issues - The Auditor of Public Accounts (APA) recommended NPERS "implement procedures to ensure member account balances are properly reviewed upon application for retirement or the death of the member. Additionally, the APA recommend NPERS ensure current procedures are adequate to identify overpayments upon death of a member.

NPERS has been reviewing and strengthening procedures to verify member account balances are accurately reviewed upon application for retirement or the death of a member. NPERS has been reviewing and updating current procedures to verify completeness and the procedure is adequate to identify overpayments upon the death of a member.

Please let us know if there are any additional questions.

Respectfully

RE: Corrective Action Plan for the May 2, 2022 ACFR Management Letter for FY 2021

Below is the Nebraska Department of Correctional Services (NDCS) corrective action plan for the May 2, 2022 ACFR Management Letter for FY 2021.

Accounting Errors

As indicated in the response dated May 9, 2022 from NDCS to the ACFR Management Letter for FY 2021, NDCS' accounting team members reviewed the issues involving construction related expenditures and covid expenses and agreed that the transactions should have been recorded as identified by the Auditors. The accounting team members will record applicable transactions as indicated.

NDCS accounting team members continue to strive to ensure all transactions are properly recorded.

No further action is necessary.

2. Timesheet Approval

As indicated in the response dated May 2, 2022 from NDCS to the ACFR Management Letter for FY 2021, based on the Fair Labor Standards Act, exempt employees must receive the full salary for any week in which the employee performs any work without regard to the number of days or hours worked, unless exceptions are met. The exception reporting of leave is an appropriate process for exempt employees. They are expected to work 40 hours per week, except when taking leave, and they often work more than 40 hours per week.

No further action is necessary.

Honorable Charlie Janssen Auditor of Public Accounts State Capitol, Suite 2303 Lincoln, NE 68509

Dear Mr. Janssen:

In accordance with Neb, Rev. Stat. § 84-304(3)(b), please find below the Department of Administrative Services written description of corrective action taken, or to be taken, in response to comments and recommendations found in reports issued by the State Auditor related to the Annual Comprehensive Financial Report and Single Audits for the fiscal year ended June 30, 2021.

1. ACFR Preparation Issues

DAS Response: Some key improvements that we have made this past year that will contribute to our success include:

- · Hiring three new teammates bringing our total staff to seven;
- Investing in talent, onboarding 25 years of State auditing experience;
- Process improvement mappings of four NDOT and one DHHS accrual procedures;
- Engaging with Deloitte to assist with GASB Statement 87 Lease implementation; and
- Co-locating agency accountants with State Accounting to review accruals.

2. Unemployment Insurance Fund Issues

DAS Response: NDOL has developed Unemployment Insurance tax and contribution system (GUS) to EnterpriseOne journal entries for booking activity and closing financial reporting periods. This includes the discontinuation of recording daily transfer activity. DAS eliminated over \$700 million in transfers activity in the prior year, activity that was part of an audit finding. NDOL and DAS worked together to review Unemployment Insurance EnterpriseOne activity and balances. This resulted in corrective adjustments for prior errors before closing the books and reporting to the State Auditor. NDOL resumed the completion of monthly bank reconciliations in a timely manner. NDOL reviewed tax write off procedures,

including allowance for doubtful accounts. NDOL worked with DAS to identify manual accruals needed for benefits payable, taxes receivable, and the Combined Wage Program (CWC).

3. GASB 84 Implementation Failure Accrual

DAS Response: GASB 84 changes have been addressed through additional ACFR fund creation in the accounting system (EnterpriseOne), the posting of accounting adjustments, and modifications to financial reports generated in EnterpriseOne.

4. Capital Asset Accounting Errors

DAS Response: To reduce errors, all amounts reported to DAS are required to be supported with American Institute of Architects (AIA) documents, general ledger details, and/or contracts. State Accounting ties every asset to EnterpriseOne, and where an asset does not exist, confirms it is construction in progress (CIP) or was substantially completed by the end of the fiscal year. Commitments and retainage amounts are now accounted for concurrently with capital assets and CIP and are being reconciled to supporting documentation.

5. NOMI Contract Matters

DAS Response: DAS has procedures in place to ensure that deliverables are accurately tracked and documented, contracts are stated clearly, and agreements are put into writing before payment becomes due. In this circumstance, there were gaps in performance in following these procedures under the stress of a global emergency. DAS continues to strive to ensure that such gaps do not occur.

6. Lack of Financial Statement Reconciliation

DAS Response: The financial statements and SEFA are both generated from the State's accounting system (E1). The expected differences noted by the APA are reconciling items due to the different basis of accounting. The financial statements are on an accrual basis and the SEFA is on a cash basis. DAS performs a reconciliation one year in arrears and has noted no issues with the financial statements. A 2021 reconciliation was performed by the APA and no additional issues or adjustments were necessary for the financial statements as they materially agreed to the SEFA.

7. Postage Deposits

DAS Response: Legislative Bill 1012 passed on April 4, 2022 and repealed Nebraska State Statute 81-167. Prior to its repeal, DAS was required to have agency funds on deposit for postage expenses. With the passage of LB 1012, all postage deposits were returned to the agency fund from which they originated.

1. E1 Special Handle a Voucher

DAS Response: Use of this process to more efficiently correct voucher issues is granted to a large user base. If the vendor/payee is changed on a voucher, a system forced process requires a DAS teammate to complete a review, and documentation from the agency is retained. This control reduces the risk for the occurrence of errors or fraud to an acceptable level. As noted in the finding, only one user has access to the payee control-approval process, Special Handle a Voucher, and vendor address book records. This user has management responsibilities over accounts payable and address book teams.

DAS Response: Use of this process to more efficiently correct voucher issues is granted to a large user base. If the vendor/payee is changed on a voucher, a system forced process requires a DAS teammate to complete a review, and documentation from the agency is retained. This control reduces the risk for the occurrence of errors or fraud to an acceptable level. As noted in the finding, only one user has access to the payee control-approval process, Special Handle a Voucher, and vendor address book records. This user has management responsibilities over accounts payable and address book teams.

2. EnterpriseOne Timesheets

DAS Response: Timesheet images are maintained in EnterpriseOne until the payroll is processed; however, the electronic data is maintained in EnterpriseOne indefinitely. Agencies choosing to delegate time approval are trained to maintain documentation when a delegate approves time. DAS is exploring options for capturing and retaining timesheet images each time payroll is processed.

3. Changes to Vendor and Banking Information

DAS Response: As a mitigating control that DAS already has in place, changes to a vendor or payee's banking information requires prior banking information be provided for verification. Changes in the past legislative session to Neb. Rev. Stat. § 81-153(10) provides a broader opportunity for vendor self-service and is being explored.

4. E1 Pay Rate Override

DAS Response: State Accounting has established compensating controls incorporating procedures to review the activity of those DAS employees assigned User Role 65, who have responsibility for processing internal payroll batches. DAS continues to work to minimize the number of times payroll batches are processed by one person. State Accounting has established procedures to periodically review the use of pay rate overrides. Any entry that looks questionable is brought to the State Accounting Administrator's attention so further action can be considered. This finding was satisfactorily remediated.

5. Clarity to E1 Timesheets

DAS Response: The Clarity team creates a Timesheet Summary Report and EnterpriseOne Report for each pay period that allows DAS Shared Services to reconcile any questionable time entry anomalies. The APA did not note any errors during the 2022 audit. DAS will determine steps for periodically reconciling the reports in total.

6. E1 Deposit Batches

DAS Response: The EnterpriseOne IT team is continuing to review available options for restricting the approver access that allows deposit batches to be changed without a secondary review, including the possible development of an additional integrity report.

7. E1 Business Continuity Plan

DAS Response: Business Continuity and System Security Plans have been updated. An internal continuity exercise was completed in September 2020, and an additional failover exercise was successfully completed in August 2021. Additional exercises are planned for ongoing assessment.

8. NITC Information Security Policy

DAS Response: These policies were officially adopted by the NITC on July 8th, 2021. These updates no longer require DAS to develop an agency specific Information Security Strategic Plan (8-210), System Security Plan (8-211), and Plan of Action and Milestones Report (8-212). DAS has a process in place in conjunction with OCIO to review risk bi-weekly and monthly with reports that include risk assessments. All issues reported in fiscal year 2022 were addressed without carryover to the next report.

9. Workday User Access

DAS Response: Formal procedures for requesting and approving group access are in place. When an agency needs a teammate to have new/updated access in Workday, they send a request to NIS.Security. NIS.Security forwards that request to State Personnel for review and approval or denial. A process is in place for verifying a position still needs role access when a user terminates. When someone terminates employment, the "NIS.Security team" removes the Role Assignments on that vacated position, unless the termination event is rescinded based on a request from the agency.

6. Finding 2021-006 Lack of Financial Statement Reconciliation

DAS Response: The financial statements and SEFA are both generated from the State's accounting system (E1). The expected differences noted by the APA are reconciling items due to the different basis of accounting. The financial statements are on an accrual basis and the SEFA is on a cash basis. DAS performs a reconciliation one year in arrears and

has noted no issues with the financial statements. A 2021 reconciliation was performed by the APA and no additional issues or adjustments were necessary for the financial statements as they materially agreed to the SEFA.

Finding 2021-007 E1 Special Handle a Voucher

DAS Response: Use of this process to more efficiently correct voucher issues is granted to a large user base. If the vendor/payee is changed on a voucher, a system forced process requires a DAS teammate to complete a review, and documentation from the agency is retained. This control reduces the risk for the occurrence of errors or fraud to an acceptable level. As noted in the finding, only one user has access to the payee control-approval process, Special Handle a Voucher, and vendor address book records. This user has management responsibilities over accounts payable and address book teams.

8. Finding 2021-008 EnterpriseOne Timesheets

DAS Response: Timesheet images are maintained in EnterpriseOne until the payroll is processed; however, the electronic data is maintained in EnterpriseOne indefinitely. Agencies choosing to delegate time approval are trained to maintain documentation when a delegate approves time. DAS is exploring options for capturing and retaining timesheet images each time payroll is processed.

9. Finding 2021-009 Changes to Vendor and Banking Information

DAS Response: As a mitigating control that DAS already has in place, changes to a vendor or payee's banking information requires prior banking information be provided for verification. Changes in the past legislative session to Neb. Rev. Stat. § 81-153(10) provides a broader opportunity for vendor self-service and is being explored.

10. Finding 2021-023

Management Response:

The Department of Administrative Services provided the auditor with Nomi Health, Inc. records to support that all test kits required under the contract were shipped. DAS' own records indicate that there was a lack of packing slip documentation maintained during the pandemic, particularly in the early months of June, July, and August 2020, however, such test kits were received. Records of the Department of Health and Human Services (DHHS) show that tests were administered at TestNebraska sites in these months. DAS disagrees with the entirety of the questioned costs, as this was a performance issue. According to DHHS electronic lab records, a minimum of 789,400 tests were performed. A count of warehouse inventory accounts for an additional 206,500 test kits, providing support for receipt of at least 995,900 test kits. Nomi Health, Inc. provided documentation supporting over 1.2 million test kits, and the contract was fulfilled.

11. Finding 2021-024

Management Response: The Building and Grounds Maintenance allocation is based on a management business decision. A prior year finding regarding the Lincoln grounds and security indirect cost allocation was corrected, and additional corrective action is planned for the Print Shop. The error of \$582 out of \$3,132,067 billed was corrected.

State Accounting formally reviews its fund balance monthly. The increased cash balance is a result of planned increased costs for a new accounting system. The implementation of the system did not occur, and State Accounting was diligent in keeping spending consistent with prior levels. Rates were reduced by \$450,000 in fiscal year 2021, and from that level reduced another \$132,000 in each of the next two years (current biennium). Further offsets to rates are planned for the coming biennium to bring the cash balance to within a 60-day operating level.

12. Finding 2021-025

Management Response:

State Accounting has complied with Title 2 CFR §200.510(b) and Neb. Rev. Stat. § 81-1111(1), and presented the total SEFA amount with 99.5% accuracy.

Sincerely,

Philip J. Olsen

Deborah A. Minardi State Probation Administrator

November 2, 2022

Charlie Janssen Nebraska Auditor of Public Accounts State Capitol, Suite 2303 Lincoln, NE 68509-8917

Dear Auditor Janssen:

Neb. Rev. Stat. §84-304(3)(b) requires entities to describe the corrective actions taken or to be taken in response to audits conducted by the Auditor of Public Accounts. This letter is intended to meet that requirement for the July 1, 2020, through June 30, 2021 ACFR Management Letter released May 13, 2022.

1. Unauthorized Bank Accounts

A Memorandum of Understanding has been signed by the State Treasurer and the Administrative Office of the Courts and Probation (AOCP). A copy of the agreement was sent to the Auditor of Public Accounts. The AOCP has been sending the information regarding the remainder of bank accounts established by county courts to the Treasurer's office since July 2022.

2. Improper Reporting of Financial Information

All information requested by State Accounting has been provided by the AOCP. Based on responses by State Accounting, the information provided has been satisfactory.

Sincerely,

Corey R. Steel

State Court Administrator
