*The **Nebraska Auditor of Public Accounts Office** was created by the first territorial Legislature in 1855. The Auditor was the general accountant and revenue officer of the territory. Those duties have expanded and evolved over the decades, as modern accounting theory has been implemented. The office of the Auditor of Public Accounts is one of six offices making up the executive branch of Nebraska State Government. Mike Foley was elected in November 2006 and re-elected in November 2010 and November 2022 as the Nebraska Auditor of Public Accounts. He was sworn into office on January 5, 2023, and is Nebraska's 24th State Auditor.*

The mission of the Nebraska Auditor of Public Accounts' office is to provide independent, accurate, and timely audits, reviews, or investigations of the financial operations of Nebraska State and local governments.

We will provide this information, as required by statute, to all policymakers and taxpayers through written reports and our Internet-based Budget and Audit databases.

We will maintain a professionally prepared staff, utilizing up-to-date technology, and following current Government Auditing Standards.

RED WILLOW COUNTY COURT

COMMENT AND RECOMMENDATION

During our examination of the Red Willow County Court, we noted a certain deficiency and other operational matters that are presented here. The following comment is required to be reported in accordance with *Government Auditing Standards* and is considered to be a material weakness.

This comment and recommendation is intended to improve the internal control over financial reporting and operational efficiencies in the following area:

Segregation of Duties

Good internal control includes a plan of organization, procedures, and documentation designed to safeguard assets and provide reliable financial records. A system of internal control should include a proper segregation of duties, so no one individual is capable of handling all phases of a transaction from beginning to end.

We noted that the office of the County Court lacked a sufficient segregation of duties, as one person was capable of handling all aspects of processing transactions from beginning to end. Additionally, staff could create and issue orders affixed with the Judge's signature in the JUSTICE (Judicial User System to Improve Court Efficiency) application without formal documentation to support that the Judge approved the order. That same staff had access to court receipts and were able to record non-monetary transactions (e.g., waiving fines) in JUSTICE. We noted further that Red Willow County Court access had been given also to eight other Clerk Magistrates who were not employees of the Red Willow County Court.

The following errors were noted:

- One non-case receipt tested, totaling \$90, was not applied to a case until after inquiry during the attestation, or 97 days after the relevant information was filed on the case.
- One non-monetary receipt tested contained \$150 of State fines; however, no order or other documentation waiving such fines was noted.

A lack of segregation of duties increases the risk of possible errors or irregularities; however, due to a limited number of personnel, an adequate segregation of duties may not be possible without additional cost. Further, personnel are under the direction of both the Nebraska State Court Administrator and the Presiding Judge.

We have noted this comment in previous examinations.

We recommend the County Court and the Nebraska State Court Administrator review this situation. As always, the cost of hiring additional personnel versus the benefit of a proper segregation of duties must be weighed. We also recommend the Supreme Court implement procedures to ensure that each Judge's approval of orders is formally documented. Lastly, we recommend the County Court implement procedures to ensure proper documentation is maintained for all non-monetary receipts, and all receipts are applied to the case in a timely manner.

County Court Response: The Administrative Office of the Courts and Probation (AOC) accepts that there is a risk from one person having the authority to initiate and complete financial transactions. To reduce the risk of improper transactions, court financial specialists review court records and provide assistance to county courts if there are discrepancies. However, the Judicial Branch does not have the financial and human resources to mitigate all risks related to segregation of duties sufficient to meet current audit guidelines. As a result, in order to fulfill all statutory obligations, the AOC has determined that all clerk magistrates will have the authority to operate all financial functions of a court.

RED WILLOW COUNTY COURT

COMMENT AND RECOMMENDATION

(Concluded)

The Administrative Office of the Courts and Probation (AOC) understands that there is a risk related to the ability of someone other than the judge applying the judge's signature to an order within the DOCKET subsystem of JUSTICE, the court's case management system. This level of access is granted only to employees who work directly with the judges in and outside of the courtroom and only with the judge's approval and oversight. This electronic signature process is put into place to digitize and streamline the court process. The AOC has determined no further action will be taken at this time, based on an evaluation of the level of risk, current IT priorities and resources, and review of compensating controls and practices. I do now have an order signed by the Judge. I also have an order signed by the presiding judge of our district that authorizes each magistrate to have access to each of the counties within the district.

In regards to the errors that were noted, the \$90 non-case receipt was a bond that was attached to the case and the case has since been disposed of using the bond money to pay for the fines and costs. This was an oversight and was immediately corrected.

The non-monetary receipt that was issued for fines was done in error and has since been corrected with a judge's order.

It should be noted this report is critical in nature, as it contains only our comment and recommendation on the area noted for improvement and does not include our observations on any accounting strengths of the County Court.

Draft copies of this report were furnished to the County Court to provide management with an opportunity to review the report and to respond to the comment and recommendation included in this report. The formal response received has been incorporated into this report. The response has been objectively evaluated and recognized, as appropriate, in the report. A response that indicates corrective action has been taken was not verified at this time, but it will be verified in the next examination.

RED WILLOW COUNTY COURT
NOTES TO FINANCIAL SCHEDULES
For the Calendar Year Ending December 31, 2023

1. Criteria

A. Reporting Entity

The Red Willow County Court is established by State statute and is administratively operated through the Court Administrator's Office of the Nebraska Supreme Court, which is part of the State of Nebraska reporting entity. The Schedule of Changes in Assets and Liabilities Arising from Cash Transactions of the County Court reflect only the Custodial Funds activity of the County Court, including the receipts and their subsequent disbursement to the appropriate entities for which they were collected. The Schedule does not reflect the personal services expenses of the County Court, which are paid by the Nebraska Supreme Court, or the operating expenses, which are paid by Red Willow County.

B. Basis of Accounting

The accounting records of the County Court Custodial Funds are maintained, and the Schedule of Changes in Assets and Liabilities Arising from Cash Transactions has been prepared, based on the accounting system and procedures prescribed by the Nebraska Supreme Court. Under this system of accounting, fines, fees, and receipts relating to trust funds are shown as additions to assets and as an increase in the related liability when received or collected. Likewise, disbursements are shown as deductions to assets and as a decrease in the related liability when a check is written.

2. Deposits and Investments

Funds held by the County Court are deposited and invested in accordance with rules issued by the Supreme Court, as directed by Neb. Rev. Stat. § 25-2713 (Reissue 2016). Funds are generally consolidated in an interest-bearing checking account; however, the County Court may order certain trust funds to be invested separately. Any deposits in excess of the amount insured by the Federal Deposit Insurance Corporation are required by Neb. Rev. Stat. § 77-2326.04 (Reissue 2018) to be secured either by a surety bond or as provided in the Public Funds Deposit Security Act.
