## INTRODUCTION

The Nebraska Department of Transportation (NDOT) produces this annual publication as a financial and budgeting aid to all counties, cities and villages within the State. Shown are estimated allocations for each county, city or village during the stated periods.

The distribution is sent to the county, city or village treasurer each month. The projection estimates are based on past history of the Highway Allocation Fund and estimated Highway User Revenue. Distribution amounts during fiscal year 2026 will depend on the actual amount of Highway User Revenue collected.

**Motor Fuel and Special Fuel Tax:** Effective January 1, 2019, NDOT's portion of the Fixed Fuel tax is 9.5¢ and the cities and counties share is 6.8¢ split 50/50. The 5% Wholesale tax is applied to the average wholesale price of gasoline for the most current six-month period as reported by the Department of Environment and Energy on April 1 and October 1. The Wholesale tax cannot increase or decrease by more than 1¢ per six-month period. It is distributed 66% to the Department of Transportation and 17% each to the cities and counties.

Motor Vehicle Registration and Other Registration Fees are collected from the registration of all non-exempt vehicles that are required to be licensed for operation on public roads within the state of Nebraska of which NDOT receives 53 1/3% and Cities and Counties receive 46 2/3%.

The rate on Sales Tax on Motor Vehicles is 5 ½%. An amount equivalent to the revenue from 5 percentage point is allocated 53 1/3% to NDOT and 46 2/3% to Cities and Counties. The amount generated by the remaining 1/2 percentage point of the sales tax rate is distributed to Cities and Counties.

The Build Nebraska Act became effective July 1, 2013, which designates one quarter of one percent of state General Fund sales tax revenue for Nebraska roadways. Eighty-five percent is for the state highway system and fifteen percent is for local roads and streets. The local share is distributed through the Highway Allocation Fund based on the established factors.

As provided in Nebraska Revised Statutes sections 39-2509 and 39-2519, counties, cities and villages desiring to receive their full statutory apportionment each year must, during the previous year, have met their local matching requirement. Each county must raise locally 25% of all Highway allocation revenue received (excluding incentive payments). Each city or village with a population of 100,000 or above must raise 50% of all Highway Allocation revenue received (excluding incentive payments). Each city or village with a population below 100,000 must raise locally 25% of all Highway Allocation revenue received (excluding incentive payments).

These projections do not include quarterly Motor Vehicle Fee payments.
