Chairman Reynolds said notices of the hearing were published in the Grand Island Independent, Kearney Hub, Central City Republican Nonpareil, Lexington Clipper Herald and Gothenburg Leader. The hearing notice was entered into the record (See attached Grand Island Independent notice).

REVIEW: Manager, Lyndon Vogt reviewed the proposed "Resolution Setting the Property Tax Request". If approved the Fiscal Year 2024/2025 property tax request would be $5,349,324.17 and would require a levy of 0.023890 based on the district's valuation of $22,391,731,570. A copy of the proposed resolution had been provided to the directors prior to the public hearing.

CALL FOR TESTIMONEY: Chairman Reynolds then asked if anyone in attendance wanted to present testimony on the proposed property tax request or resolution.

Matt G McGuire PO Box 143 Kenesaw NE 68956.

Matt McGuire: Just so you guys know I mean business, I've secured an Omaha attorney, no conflict of interest. And you snuck the vote by the July 8th deadline to put everything on the petition for the presidential election. You've conveniently tried to sneak that by. I've secured Spencer Worth, who's a partner with my Michael Rickert at Omaha. And as soon as I can, and yes, I've got the money behind

me, you're going to get an injunction filed on you in district court. I mean business this time. Okay we can start; you've got money for an office building and Wood River Flood Control has yet to be addressed. All those slues converge at Dan Hanen's property, and a spill way needs to be put on the Wissing ground. The list goes on and on. Pivot Cost Share would be better for young people. You're probably not zoned properly. Did you have a full quorum for that meeting to start this. Were in the process of getting a new state senator. And if I had known you were going to sneak this vote by, I would have fought you a lot sooner. And you guys told me you were going to table it for further and I want to know in your bylaws did you have a public hearing about it. I've secured a lawyer and this time old McGuires got the money. And I don't care if I spend $50,000, it will be worth the satisfaction of fighting you guys. And you know what you can do, I mean business this time because I don't care if you have to stop your project and sell dirt to the county. Because there's a lot of things unaddressed. And I didn't know you guys are just becoming, you should be ashamed of yourselves if any of you guys call yourself farmers. Just so you know I'm serious I've secured a lawyer and they went ahead and told me it's ok to say yes were backing you Matt. And it's okay to threaten an injunction. And Spencer Worth is his name and he's a partner with Michael Rickert in Omaha. And I mean business this time. I don't care if you have to shut them bulldozers down and you should be ashamed with yourself. I heard rumors that people asked for acreages out there and you denied them. But I bet you've already applied for City Water. You guys have a lot of homework to do. And there's a lot of people upset and sneaking it through at the busiest time of the year, irrigating. Ken Woitaszewski his daughter has a blood disease and that can happen with dehydration. And he said I would be fighting right with you Matt, but I have to be with my daughter. And my bag is full of blood pressure medicine because of people like you. And where does this end. And the other thing is you claim to be a sustainable ag operation. Well, how the hell you do pay for property tax when you can hardly pay our bills right now with the current yields. How in the hell do you process sustainable ag when you guys are spending money. That's one of the questions. You should be dammed ashamed of yourself.

Chairman Reynolds: Mr. McGuire you have one minute left.

Matt McGuire: But seriously, how can you call yourselves and then even the hay guys could probably use a pivot and practice sustainably. So don't tell me how proud you are. And what's wrong with this building? You've got a lot of answering to do. A lot of answering. And I know Dan Lebowski personally, I went to school with his younger brother Randy. And you know what all those kids grew up wearing hand me down clothes and the working class, I'm wearing this shirt mainly, I could have changed to a black shirt, but this is part of representing the working class and all the people your raising rents on with all your frivolous spending. And here's another point, okay I'll wrap it up. Mayor Kramer there in June gave an excellent testimony, do you guys realize that the private donations to our fire departments are drying up because of inflation. And the younger ones don't give anymore. And that we are going to rely a lot more on property taxes. And you guys are out here spending money like it doesn't matter. Well, that's going to be on the list of the lawsuit.

Chairman Reynolds: Thank you for coming in.

Chairman Reynolds asked if anyone else from the public would like to testify?

CLOSE: Chairman Reynolds closed the hearing at 1:56pm.

See August 29, 2024, Board Meeting Minutes for action taken.

CENTRAL PLATTE NATURAL RESOURCES DISTRICT
RESOLUTION SETTING THE PROPERTY TAX REQUEST FISCAL YEAR 2024/2025

In compliance with provisions of the Nebraska Revised Statute Section 77-1601.02 this Resolution was passed by majority vote of the board of directors of the Central Platte Natural Resources District at their board meeting on August 29, 2024, which followed a special hearing earlier that day to set the final tax request at a different amount than the prior year tax request.

Central Platte Natural Resources District's 2024/2025 property tax request is $5,349,324.17. The total assessed value of property for 2024/2025 is $ 22,391,731,570 which would require a levy of 0.023890.

The total assessed value of property for 2024/2025 differs from the 2023/2024 total assessed value of property which was $20,642,169,013.00 by 8.48 percent;

The tax rate which would levy the same amount of property taxes as 2023/2024, when multiplied by the 2024/2025 total assessed value of property, would be $0.021554 per $100.00 of assessed value;

Central Platte Natural Resources District proposes to adopt a property tax request that will cause its tax rate to be $0.023890 per $100.00 of assessed value; and

Based on Central Platte Natural Resources District's proposed 2024/2025 property tax request, and changes in other revenue, the total operating budget of $34,714,184.14 will be less than the 2023/2024 operating budget of $34,955,785.23 by 0.69 percent.

A record of the vote of the Central Platte Natural Resources District board in passing this resolution is attached.

A copy of this resolution will be forwarded to the County Clerk prior to October 13, 2024.

Vogt reported that CPNRD applied for two WEEG grants and was notified that the Bureau of Reclamation plans to fund both. One was to increase the efficiency of Cozad Ditch Company and Southside Irrigation District by adding additional Rubicon gates and telemetry, and the other was to install approximately 100 meters on irrigation wells throughout the NRD for informational purposes. Both grants will be matched by DNR, so CPNRD's cost is to write and administer the grants.

The CPNRD is also looking to install flood forecasting equipment on some of our flood control structures. It appears we will be able to secure funds to purchase and install the equipment over the next couple of years.
