Township Property Taxes

If this is a Township Subdivision budget form, the amount of property taxes shown above and on the front cover may not represent the amount the Township will receive. Statute 39-1522 outlines that one-half of all money collected from the township levy on property within the corporate limits of a city or village shall be paid to the treasurer of the city or village to be used for the maintenance and repairs of the streets.

Township should take this into consideration when determining property tax amount to be budgeted.

Township Total Valuation	192,616,497
City/Village Valuation included in Township Valuation	
General Fund Tax Rate	0.023486
Township Taxes within City/Village	-
50% of Township Taxes within City/Village	-
Projected Township Taxes to be collected	45,237.00

Cash Reserve Fund

Statute 13-503 says cash reserve means funds required for the period before revenue would become available for expenditure but shall not include funds held in any special reserve fund. If the cash reserve on Page 2 exceeds 50%, you can list below amounts being held in a special reserve fund.

Special Reserve Fund Name	Amount
Total Special Reserve Funds	-

Total Cash Reserve	$	2,500.00
Remaining Cash Reserve	$	2,500.00
Remaining Cash Reserve %		5%

Note: Township would need to verify with County Assessor the amount of City / Village valuation included within the Township Total Valuation. This calculation is only shown here as information for the Township to help determine the amount of property taxes needed to operate. **IT SHOULD NOT BE USED BY THE COUNTY FOR LEVY SETTING PURPOSES.**

SUMMARY OF SIGNIFICANT BUDGET ASSUMPTIONS

FOR THE BUDGET YEAR ENDING JUNE 30, 2026

The budget presents, to the best of management's knowledge and belief, the expected cash receipts, cash disbursements, cash reserves, and the requisite property tax as required for the budget period. Accordingly, the budget reflects management's judgement as of the date of budget adoption, of the expected conditions and its expected course of action. The assumptions disclosed herein are those that management believes are significant to the budget. There will usually be differences between the budgeted and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Nature of Presentation

The accompanying budget statements and tax request include statements of budgeted receipts, disbursements, and necessary cash reserves of the various funds of the Township which are maintained by Township authorities for the operation, maintenance, and management of Township services, activities, and projects. These budgeted statements are prepared to comply with the budget filing requirements of the State of Nebraska.

Basis of Accounting

The accompanying budget uses the cash basis of accounting that the Township uses for record keeping and financial reporting purposes, which differs from accounting principles generally accepted in the United States of America.

Receipts

Receipts are budgeted based on expected receipts from local, state, federal, other (non-revenue), and property tax sources. Expected receipts are based on the estimated information, including prior years' actual receipts. Property taxes are budgeted at an amount necessary to result in a balanced budget (i.e. total requirements must be equal to total receipts available for each fund).

Disbursements

Budgeted disbursements are based on expected amounts necessary to provide for the operation and maintenance of Township facilities. Budgeted disbursements include equipment purchases and replacement, other anticipated capital disbursements, and, if applicable, debt payments.
