

Auditor of Public Accounts
LB781 Treasurer Training
Frequently Asked Questions

1. Who does this apply to?

All County and Municipality Treasurers are required to complete the continuing education. If the Municipality Clerk is also acting as the Municipality Treasurer, the requirement applies to that individual.

2. All the courses listed have costs associated. Are there any other options?

Yes! There will be training available that will not have any costs associated. Please be sure to check back to the website periodically for this training.

3. The pre-approval list only has a few items on it. Do I have to attend one of those?

No. The pre-approval list will be continually updated as new requests and more training becomes available.

4. Can I take a course not on the pre-approval list?

We recommend sending all courses that you wish to take in for pre-approval. This process simply ensures that we will accept the course towards the requirement.

5. What if I took a course or attended a conference already, and it wasn't pre-approved?

Feel free to submit those courses for approval. While the course will not be available to other Treasurers, pre-approval will confirm that the course will count towards the requirement.

6. I already have to do continuing education to maintain a certification, such as a CPA. Are waivers available?

We are not granting waivers; however, some of the courses you take to maintain your license may also apply for credit for LB781. Simply complete the pre-approval form to verify credit!

7. How does the 50 minute increment time-table work?

Each course taken must be at least 50 minutes in length, which will count towards 1 hour of credit.

8. How do I sign up for the courses if there is not a link available on the pre-approval list?

The links on the pre-approval list were provided by the individual requesting approval. If no link is noted, the individual did not provide one to us. We recommend contacting the sponsor of the training for more information.
